

Evidence Of Conspiracy Independent Of Badge's Deposition

DAPHTARY'S ARGUMENTS CONTINUE IN MAHATMA MURDER TRIAL

RED FORT, Dec. 6 (A.P.I.)—Arguments were continued today by Mr. C. K. Daphtary, chief prosecuting counsel, in the Gandhi Murder case at Red Fort.

Mr. Daphtary submitted that apart from evidence in corroboration of the evidence of the accused, there was sufficient evidence to show that there was a conspiracy between the accused to murder Mahatma Gandhi.

Mr. Daphtary added that it had been established that six of the accused, Nathuram Godse, Apte, Madanlal, Karkare, Shankar and Gopal Godse were present in Delhi on January 20. Their presence in the Birla House the same day at prayer time was also established. Five of them had already admitted their presence in Delhi on January 20 though in different circumstances. It was, therefore, proved that all the six had come to Delhi in pursuance of a previous plan.

It had also been established, Mr. Daphtary went on, that Nathuram Godse, Apte, Badge, Shankar, Madanlal and Karkare, had all met in Bombay. That had been proved by Dixit Maharaj Dada Maharaj and the taxi driver of Bombay, on the evening of January 20, a gun action slaps was exchanged by one of them Madanlal.

Apart from that, one hand grenade was found from Madanlal and three other grenades had been discovered at the instance of the person who was present at the prayer ground on January 20. Mr. Daphtary referred to the evidence of Mr. Nagarvala, Chief Investigating Officer, and said that Mr. Nagarvala had deposed that he had come to Delhi with Nathuram Godse as Nathuram Godse wanted to show him the place where he had kept the fifty hand grenades. Nathuram Godse took him to a place behind the Hindu Mahasabha Bhavan but no grenade was recovered.

JOINT DEAL IN ARMS

Mr. Daphtary added that Dixit Maharaj and Dadamaharaj and some of the accused in their statements had admitted that they had been dealing in arms and ammunition. It was evidence of the fact that they had an opportunity to meet each other. This was a fact independently established and they were associated with each other.

Taking together, the application for leave by Gopal Godse, the assignment of policies by Nathuram Godse, the demand for a revolver made to Dixit Maharaj and Dadamaharaj, the disposal of surplus arms and explosives by Badge on January sixteen, there was sufficient ground to believe that there was a conspiracy between them, added Mr. Daphtary.

Mr. Daphtary then referred to the evidence of Prof. Jagdish Chandra Jain and said that the fact that Prof. Jain knew Madanlal was established. Madanlal himself had admitted that he knew Prof. Jain.

Referring to Prof. Jain's statement that Madanlal had told him about their conspiracy to murder Mahatma Gandhi, Mr. Daphtary said that Madanlal had suffered a great deal in Pakistan which had made him reckless. Apparently this mentality had been exploited by others who found him readily willing to join them in their errand.

As to why Madanlal had told Prof. Jain about the conspiracy, Mr. Daphtary said that Madanlal was of such a temperament that before embarking upon the mission he would have liked to tell Prof. Jain that they were going on such a mission. He might have told him about the plot in order to boast of himself.

PROF. JAIN'S EVIDENCE

Dealing with the suggestion made by the accused that Professor Jain had concocted the story about the conspiracy to murder Mahatma Gandhi as he apprehended that he might be involved in the case Mr. Daphtary said that this suggestion has no basis. Professor Jain was a respectable man. He was not dealing in arms and ammunition. Why should he have apprehended that he might be involved in the case? One could imagine in the case of Dadamaharaj and Dixit Maharaj who were actually dealing in arms and ammunition but nobody could believe in the case of Professor Jain who was a man of high academic qualifications. On the other hand Madanlal's action in telling Professor Jain about the plot was quite natural. Madanlal must have thought that as he was going to do something

Independent

working order. At Gwalior they appeared to have had two fire arms as to when they left for Gwalior. Apte and Godse had said that they left on the night of January 27 and reached there the next morning. Gariba and Jumma had seen them at Gwalior on the night of January 27. Mr. Daphtary explained that Gariba's tongue was taken by them first but Gariba handed them over to Jumma who took them to Dr. Parichure's house at 11-30 p.m. on January 27.

CONFESSION OF PARACHUTE

Mr. Daphtary referred to the confession made by Dr. Parichure on February 16 before a Gwalior Magistrate and said that though Dr. Parichure had retracted his confession but there was a provision in law that a confession made prior to the commencement of the trial could be used against the other accused.

According to the confession, Mr. Daphtary stated, Nathuram Godse and Apte went to Dr. Parichure at Gwalior at about 11 p.m. on January 27, and asked him for a revolver. They had also told him that they had planned to kill Mahatma Gandhi. Consequently the Dandwate had arranged for a revolver for them for Rs. 500. Apte paid Rs. 3000 to Dandwate as part payment and promised to pay the balance later.

Mr. Daphtary pointed out that an allegation had been made by Dr. Parichure that it was not a genuine confession and that his signature had been procured on some sheets of paper. Had it not been a genuine confession, Mr. Daphtary said, there would have not been so many details in the confession.

Mr. Daphtary referred to the evidence of Madurkar Kale, and Khire and said that the evidence of both these witnesses bore out the fact that Nathuram Godse and Apte did go to Gwalior on January 27 to procure a revolver as they could not succeed in getting any revolver or pistol from Dixit Maharaj or Dadamaharaj. It had also been established that before going to Gwalior, Nathuram Godse and Apte had met with them but it was not functioning well and hence they had to go to Gwalior to procure another one.

KARKARE'S PRESENCE IN DELHI

Referring to the presence of the accused in Delhi on January 20, Mr. Daphtary said that his case was that Nathuram Godse, Apte and Karkare were in Delhi on January 20. Godse had admitted it but Apte had disputed it and Karkare had denied that he was in Delhi. There was sufficient evidence to show that they were here. Godse and Apte had told Dr. Parichure at Gwalior that their party had already left for Delhi. That party, the Chief Prosecution Counsel added, would certainly include Karkare.

Mr. Daphtary then referred to the evidence of Sundarilal Harikisan and Janu Jyoti. Sundarilal Mr. Daphtary said had stated in his evidence that he knew N. Vinayakrao whom he later identified as Nathuram Godse and Apte. He had also stated that he had seen them on January 29 and 30. Janu had also said that he had polished Godse's shoes.

Referring to Janu Jyoti, Mr. Daphtary said that though he came from a very humble walk of life it did not imply anything as to the truthfulness of his evidence. He was not a person of that standard of intelligence who could give a false statement. The inference that he asked the Court to draw was that what Janu Jyoti had said was a true story.

Mr. Daphtary said that from the evidence of Sundarilal Harikisan and Janu Jyoti it was established that Apte, Godse and Karkare were in Delhi on January 29 and January 30. There was evidence that Apte, Godse and Karkare were together up to January 28. The movements of the two of them, Nathuram Godse and Apte, were traced up to January 28. There was also evidence regarding the movements of Apte and Karkare from February 2 to February 14 when they were traced up to Gwalior.

There was a gap in the movements of Karkare from January 25 to February 2 and in the case of Apte from January 31 to February 2 but there was evidence on the record which showed that all the three were present in Delhi on January 29 and 30.

Mr. Daphtary had not concluded his arguments when the Court rose for the day.

Britain Leads Them All

LONDON, (IPS).—"Britain has without question the greatest newspaper reading public in the world." This was the assertion made by Mr. H. N. Heywood, the President of the Newspaper Society at the conference of the Municipal Corporations held recently at Torquay. He quoted the following figures: 29 million copies of Sunday newspapers every week, 19 million morning newspapers and 10 million evening papers every day, 12 million other weekly newspapers every week.

AWAY FROM EVIL EYE OF NEWS-EDITOR

LONDON, (IPS).—"I think it is time to direct attention to the desirability of returning to the calm and serenity of the old fashioned design of editorial layout as compared with the modern large reporting room, at least in the case of the smaller, flippant conversations of the office juniors, the noise of the telephone and the evil eye of the news editors." This was the observation made by Mr. William Redfern speaking at the Institute of Journalists conference at Edinburgh the other day. Mr. Hon. A. H. A. Murray, the Lord Provost of Edinburgh welcoming the delegates said:

"We are indeed fortunate in this country to have a National Press conscious of its responsibilities, sensible of its duties and purpose and determined in principle, to be free and unrestrained except by truth, kindness and understanding. The men and women of this land owe to the Press a debt incalculable dimension. I can find no evidence to dissatisfaction and certainly no desire for control or restraint."

MAVLANKAR ON INDIA'S LANGUAGE PROBLEM

Hindi As Lingua Franca And Devnagri As National Script Urged

Mr. G. V. Mavlankar, Speaker of the Dominion Parliament, in a letter to the Speaker of the C.P. Assembly, Mr. G. S. Gupta, expresses the view that the national language of India should be Hindi and that the national script should be Devnagri.

Mr. Mavlankar's letter was forwarded by Mr. Gupta today with the former's permission in view of certain misapprehensions that might arise from press reports of a speech delivered by Mr. Mavlankar recently at Surat bearing on the language question.

Mr. Mavlankar's letter reads: "Your letter to the President of the 'Constituent Assembly' also yours of 12 to Panditji has given me new weight regarding the language structure. Not being myself, a student of any language from the point of view of structure, the distinction between the spoken language and the cultivated language for a particular subject was not present to my mind. I entirely agree with your view that 'communal unit or secular state' cannot mean that the vast majority have to submerge themselves just to please a militant or a fanatic minority. All that is expected of the majority should be that the minority should have perfect freedom in respect of their language, culture and their general way of life. If these are assured, then we need have no 'fear complex' as you say, they will say about us."

DILEMMA

"When I consider the difficulties about the adoption of current words, specially with regard to their derivatives, and the distinction pointed out by you, between the spoken language and the technical language, for law and administration with the necessity of having words common to most of the regional languages coming from the Sanskrit stock, I see that, in the long run, the minorities are bound to be swept off as regards their separate language, and I do not see any harm, or wickedness, if this result follows. If we want to avoid the consequence, the necessary result will be that the majority will be deprived of the freedom of its language and culture. We are on the horns of a dilemma; and if it ultimately leads to a destruction of the culture and language of any group, it stands to reason that that group should be the minority group and not the majority group."

THIRD WAY

"There is a Third Way also, and that is a possible fusion of a common language. This process was going on in India till the British deliberately put a stop to it and encouraged positive disruption. With our independence, and the disappearance of communal politics, there are much brighter chances of the minorities re-

OPEN GENERAL LICENCE NO. 11

More Articles For Import From Sterling And Solt Currency Areas

NEW DELHI, Dec. 6 (A.P.I.)—Import of X-Ray films and parts and accessories of bicycles (other than motor bicycles), excluding rubber tyres and tubes and iron and steel bolts and parts adapted for use on bicycles, is permitted without licence from sterling and soft currency countries under Open General Licence No. 11, says a Press Note issued today.

Due to an error these articles do not appear in the relevant schedule to the Commerce Ministry's Notification No. 23-85/43 dated July 1, 1943, as republished in the Gazette of India (Extraordinary) on November 20, 1948.

Meharally Inaugurates Labour College Winter Session

BOMBAY, Monday.—Inaugurating the winter session of Labour College at Podar College this evening, the Socialist leader, Mr. Yusuf Meharally, Minister for Labour, said that the Labour College in the city, he said that India needed such an institution. For Trade Union workers to be properly trained and equipped with the background of labour movement of the world.

NEHRU ON NEED FOR SELFLESS SERVICE

"This Generation Will Not Get Any Dividends For Its Labours"

NEW DELHI, Dec. 6 (A.P.I.)—THE PRIME MINISTER, PANDIT JAWAHARLAL NEHRU, INAUGURATING THE 19TH ANNUAL MEETING OF THE CENTRAL BOARD OF IRRIGATION HERE TODAY, SAID THAT THE PROSPECTS BEFORE THE PRESENT GENERATION WERE THOSE OF HARD LABOUR AND LITTLE REST. THEY WERE PASSING THROUGH A REVOLUTIONARY AGE, FULL OF DISCOMFORTS AND HARDSHIPS. THEY COULD NOT ESCAPE THAT FACT AND HAD TO FACE IT. THIS GENERATION WOULD NOT GET ANY DIVIDENDS FOR ITS LABOURS.

The meeting was presided over by Raj Bahadur A. N. Khosla. Among those who attended the meeting were Mr. N. V. Gadgil, Minister for Works, Mines and Power, the Chinese and Italian Ambassadors, Ceylon's High Commissioner in India, and the chief engineers of the various provinces and States.

The Prime Minister added: "Since we cannot escape hard labour, let us try to divert it in constructive channels. If we cannot have rest for ourselves let us see that the coming generation at least gets more leisure. That should be the approach and hope that that will be the approach of the Board of Engineers and of the Government."

MANIFOLD PROBLEMS

There were a large number of problems facing them at present but, at the same time it was difficult to say that one problem was more important than the rest. "It was true that the river valley projects were of fundamental importance. He himself had been interested in the problem in its wider aspects relating to its large scale planning. "It seems to me an extraordinary fact that the enormous resources of the world were being wasted and not utilised in raising the standard of living of the people," he said.

At one time it was generally believed there were not sufficient resources in the world, but now it was quite clear that the world's resources, if properly utilised, were enough to raise the standard of living of the people substantially. That was also the case with the resources that they had at their command in India.

But the unfortunate fact was that instead of utilising those resources they were really wasting them in destructive activities. "This is the misfortune of the present age," declared Pandit Nehru.

There was a conflict going on between constructive and destructive forces. No man could prophesy as to its outcome, but at the same time, he could not do his work without the faith that ultimately the constructive forces would win.

GREAT RESERVOIR OF POWER

Relating to the question of "conversion of the potentiality into reality," the Prime Minister said: "I see in the Himalayas the greatest reservoir of power in the world and it is the job of the Engineers to devise ways and means of exploiting that power for the use of the people."

The profession of the Engineers, Pandit Nehru said, was of the highest order. It held a noble position today. From the position that various professions held in an age, one could always judge the nature of the society of that age, its social background and whether it was static or constructive. Till recently two professions namely Government service and law, attracted the people. That was so because essentially the nature of the society of the period was static. These professions were useful, no doubt, the young men, now however, were turning to other professions and it was a welcome sign to see that gradually the society was changing from static to dynamic.

STATIC PERIOD IN OUR HISTORY

The British rule, Pandit Nehru continued, was a static period in the history of India. If things are not static then problems do get solved for better or for worse. They never get accumulated. But in the British period problems got accumulated and now we are faced with many of them. We cannot set aside one or two of them as the less important ones because if we do so, we shall be overwhelmed by the other problems," declared the Prime Minister.

All these accumulated problems, therefore, have to be tackled together and progress must be co-ordinated on front. If we advance only on one front and not on others then it must mean wasted effort."

Pandit Nehru criticised the growth recently of the tendency to blame others for one's failure. It would be much better, he suggested, if everyone thought in terms of one's own shortcomings rather than put the responsibility on someone else. Work must be done with the co-operation and good-will of every person or it was likely to be done badly.

He advised Engineers to infuse a spirit of faith into their work. When one saw ancient churches, mosques, temples and cathedrals, one saw that there were not only good engineers but men of faith.

Referring to the remark made earlier by the Chairman regarding translation into Hindi of technical terms Pandit Nehru warned them against evolving terms which the common man could not understand. This tendency had been very marked recently.

"In my personal opinion the terms which have gained currency should be retained. Science and technology know no frontiers and narrow nationalism is not conducive to the progress of science. By following a policy of isolation you will really be drifting away from science and the people and forming an isolated

PRIORITY TO IRRIGATIONAL PROJECTS IN INDIA

Khosla Urges Need For Conservation Of Water Resources

NEW DELHI, Dec. 6 (A.P.I.)—"Four of the major river valley development projects in India, namely the Tungabhadra in Madras, the Bhakra dam in East Punjab, the Damodar Valley in Bihar and West Bengal, and the Hirakud Dam in Orissa are now under actual construction. Some other projects are ready for sanction and execution. Others still are in various stages of investigation and preparation. There are several areas of potential development, particularly in the States, to which it has not been possible so far to give even preliminary consideration."

Thus stated Mr. A. N. Khosla, President, Central Board of Irrigation, in his presidential address at the 19th meeting of the Board held here today. Mr. Khosla announced that the Executive Committee of the Central Board of Irrigation had decided to institute a medal which would be awarded every year to the author of the best published research or other original contribution to the development of the water resources of the country.

CONSERVATION OF WATER RESOURCES

The necessity for the conservation and utilisation of the water resources of the country for purposes of flood control, irrigation, power generation, navigation and allied facilities, on a regional basis said Mr. Khosla, had now been definitely accepted. "The completion of any basic plan of the river valley schemes would provide enough additional food to almost wipe out the country's entire deficit and enough power to start several heavy industries of economic strategic importance."

DIFFICULTIES TO OVERCOME

Mr. Khosla referred to certain serious difficulties in the way of rapid realisation of plans, such as inflation, shortage of steel, cement and other essential materials of construction, backlogs of transport and inadequacy of technical manpower of the requisite qualifications. Added to these, there was a fair amount of red-tape and, in certain quarters, a lack of sense of responsibility and an absence of pioneer zeal, he said.

"The first place in order of priority, would naturally go to the conservation and utilisation of water resources, through river valley development, thus providing the basic tools for national advance and self-sufficiency; that is, flood control to realise more lands for productive cultivation, irrigation facilities to grow more food and large scale generation of hydro-electric power to turn the wheels of industry. The next in order of priority would be the manufacture of Hydro-electric machinery, setting up of iron and steel factories, cement mills, and the manufacture of synthetic petrol and fuel oils, fertilisers and other essential commodities. On a par with the above will be land transport facilities, particularly the extension of railways to sources of raw materials and manufacturing centres."

ARRANGEMENT

Mr. Khosla said that the ideal arrangement to make the best use of human and material resources, would be to have the various projects staggered in point of execution so that while peak construction activity was proceeding on one or two projects, there would be only preparatory work and lesser construction activity on the others. Similarly, as the peak activity started falling off on the former, the work on others should get into peak stride.

"Total planning does not preclude partial or stage development," he went on, and added, "it will be desirable to undertake construction of a part of the total plan to achieve quick results and at small expense of available resources but with the clear understanding that such partial development will be an integral part of the total development and in no way and at no stage in conflict with it. In this way it will be possible to serve several ends simultaneously, expeditiously and without straining, beyond limit, our available resources in men, money and materials."

Barsi Municipality Mourns Horniman's Death

The Barsi Borough Municipality has passed a condolence resolution on the death of B. G. Horniman. Following is an extract:

Shri Benjamin G. Horniman the Grand old man of Indian Journalism, served India till the end of his life and gave a new rigour to Indian Journalism. A College of Journalism has been opened in Bombay after his name. Our country has suffered a great loss by his demise.

By BUD FISHER

S. K. Patil Welcomes Shroff Committee Report

CORPORATION TO CONTINUE DISCUSSION ON DINKAR DESAI'S RESOLUTION

BOMBAY, Monday.—A resolution expressing dissatisfaction with the recommendations of the Shroff Committee was moved by Mr. Dinkar D. Desai at a special meeting of the Bombay Municipal Corporation today. Mr. Desai characterised the Report as extremely disappointing and said the Corporation had been eagerly waiting for it for more than 20 months. What did it finally get after this belated period? he asked. He described the Report as the proverbial mountain producing a rat.

He delineated the demands submitted by the Corporation in their original memorandum and stated that they were the abolition of the Urban Immovable Property Tax, the Corporation should be allowed to levy an educational cess of 7 per cent, Entertainment Tax should be transferred to the Corporation and the Corporation should be empowered to impose a levy of one anna per gallon on the sale of petrol in the City. Besides, there was an additional demand for a Primary Education Grant equal to 50 per cent of the total expenditure incurred by the Municipality on primary education.

What the Shroff Committee had recommended in this connection was that instead of the 10 lakhs of rupees, which the Corporation now got, henceforth it should receive 25 per cent of the total cost incurred.

The maximum grant given by Government was, however, not to exceed Rs. 25 lakhs.

This was only partial fulfilment of the demand, he observed.

THE DIFFERENCE
He added that the Corporation had shown in the course of its demands that the annual deficit in its finances would be Rs. 2 crores per year. The Government argued its case with the Committee and held that the deficit would be Rs. 1 crore 25 lakhs.

The Shroff Committee did not agree with this and held that the deficit would be only 75 lakhs and hence recommended an additional income of only Rs. 66 lakhs, of which 55 lakhs was to be recovered by a three per cent increase in the General Tax.

The Entertainment Tax and the Betting Tax rightly belonged to the Corporation, he claimed. The Indian Tax Inquiry Report agreed with this view and the Kale Committee, which went into the question of allocation of finances between Government and the Corporation also endorsed the view.

The Shroff Committee admitted this principle but did not concede what was asked, he said.

ADDITIONAL BURDEN ON TENANT
He said that a 3 per cent increase in the General Tax would be an additional burden on the tenant. It would amount to an indirect enhancement of rent. Section 3 of the Rent Act clearly stated that any increase in taxation should be passed on to the tenant. When, however, the Urban Immovable Property Tax was removed,

he said, the relief thus afforded would benefit the landlord and not the tenant.

'LANDLORDS' REPORT'
"We did not need a Shroff Committee to tell us to increase the General Tax", he said and added, "this Report is nothing but a Landlords' Report." He described it as "anti-tenant and pro-landlord" and added that it went against the interests of the people.

Referring to the recommendations in the Report with regard to retrenchment, he said that Mr. M. D. Bhat, a former Municipal Commissioner, who had gone into the question had proposed such a move stating that there was scope for a cut in the number of Municipal employees.

DESAI'S RESOLUTION
The following resolution which was moved by him was seconded by Mr. Rohit Dave.

"That the Corporation expresses its sense of disappointment regarding the recommendations of the Bombay Municipal Finance Committee inasmuch as these recommendations fall short of the demands of the Corporation for getting additional sources of revenue which are necessary not only for maintaining the existing municipal services at a tolerable level of efficiency but also for improvig and expanding them.

2. That, while re-iterating their claims made in the memorandum submitted to the Shroff Committee, the Corporation are particularly aggrieved to find that the Committee failed to support the just claim of the Municipality that Government should hand over to them the proceeds of the Urban Immovable Property Tax and the Entertainment Tax collected from the City. The recommendation of the Committee to raise the Government Grant for Primary Education to 25 per cent of the approved expenditure subject to a maximum of Rs. 25 lakhs, though marks an improvement on the present position, is not fully satisfactory inasmuch as the Committee did not see its way to recommend one-half of the cost towards primary education.

3. That the Corporation would like to point out that by increasing the General Property Tax 3 per cent, as recommended by the Shroff Committee, the additional burden of this increase will fall on the tenant population of the City, which is not in a position to bear this extra burden particularly in those hard days of inflation.

TENANT HIT
4. That in view of these shortcomings of the recommendations of the Shroff Committee, the Corporation appeals to the Government of Bombay immediately to convene a Conference between them and the representatives of the Corporation to discuss the situation arising out of the Report.

5. That His Worship the Mayor be requested to forward the above Proposition to the Government of Bombay.

CRUX OF PROBLEM
Mr. Dave speaking on the resolution said that even the original memorandum that was submitted did not do justice to the requirements of the Corporation and the financial stringency which the Municipality was facing. He pointed out that there was something fundamentally wrong with the Corporation's financial position. It was not because of an increase in population. The Corporation thought of increasing its functions. It envisaged the Milk Scheme, Town Planning Scheme and the Road Improvement Scheme, all of which needed additional finances.

The Shroff Committee, he said held the view that if a Government grant was made and a portion of Provincial finances diverted to Municipal coffers our difficulties would be solved.

Te crux of the problem, he said was the necessity to revise the tax structure.

The Committee, however, did not want the tax structure to be disturbed for five years. This fundamental question had to be thrashed out and ways and means had to be found to augment Municipal finances, he concluded.

S. K. PATIL'S AMENDMENT
Mr. S. K. Patil, leader of the Municipal Congress Party, moved an amendment that the Shroff Committee's Report be sent to the Municipal Commissioner and the Standing Committee for their considered opinion.

He said that he did not approve of the criticism levelled at the members of the Shroff Committee as they were chosen by mutual understanding between the Government and the Municipality. The purpose for which the Committee had been appointed had been forgotten and criticism was levelled against it was a party affair.

He said: "The finances of this Corporation have stood the test of 60 years and they are sound."

PATIL WELCOMES REPORT
He wholeheartedly complimented the framers of the Report and said: "Let us not condemn it. Let us consider the recommendations on their merits." The draftsmen of the Report had made it clear that it was temporary and "Ad Hoc" report, because the finances of the Province as well as the Centre were in the melting pot at the present moment.

Referring to Mr. Dinkar Desai's contention regarding the Urban Immovable Property Tax, he said Mr. Desai betrayed colossal ignorance of the matter, as the Tax could not be transferred to the Municipality, but it could be abolished and the Corporation could ask Government to enact necessary legislation to levy an educational cess of 5 per cent of the rateable value.

The Entertainment Tax could be given to the Municipality, he said. Whether the 3 per cent increase in the General Tax was to be borne by the tenant or the landlord had been left delightfully vague in the Report, observed Mr. Patil.

He did not subscribe to the view that a deputation should be led to meet Government to express the Corporation's dissatisfaction.

The Shroff Committee, he concluded had accepted the recommendations made by Mr. M. D. Bhat, former Municipal Commissioner regarding the Corporation's claim to the Entertainment Tax. This question would be decided when the financial structure of the Provincial and Central Governments as well as local bodies would get stabilised after the passing of the new constitution.

The resolution was seconded by Mr. S. V. Sodvani.

The House adjourned at this stage and the discussion will continue on Thursday next.

of the recommendations of the Shroff Committee, so that the Corporation may be in a better position to explain its difficulties and to convince Government of the unsatisfactory nature of the recommendations.

5. That His Worship the Mayor be requested to forward the above Proposition to the Government of Bombay.

CRUX OF PROBLEM
Mr. Dave speaking on the resolution said that even the original memorandum that was submitted did not do justice to the requirements of the Corporation and the financial stringency which the Municipality was facing. LONDON STOCK EXCHANGE

Easier Tone

LONDON, Dec. 6. (Reuters): Speculative activity in Brazilian railways provided feature on the London Stock Exchange today. Takeover hopes prompted good buying and Leopoldina debentures were among those showing sharp rises.

Other sections were quiet and with few noteworthy alterations. British Government stocks were widely one-sixteenth to one-eighth lower. Losses were the result of lack of interest rather than selling.

Industrialists took their lead from gilt-edged and showed small declines. The foreign bond market was firmer where mentioned. Austrian issues were better following payment of interest due on December 1st and support produced a small gain in Polish bonds. Renewed talk of takeover by Shell Company produced buyers of advanced oil concessions. The price advanced three-thirtieths at six and twenty-five-thirtieths. Other oil shares were quiet.

Support for South African mines resulted in official gain among non-producers. Dividend payers were steady with dealers awaiting dividend announcements.

British Colonial Rule In Uganda
(Continued from Page 6)

dominated by 42,000 British people, strongly opposed the implementation of Paper 210 which they considered a breach of peace and security in East Africa by the British Government who, "misguided by the Colonial Secretary's untruthful statements, have decided to enforce it against the will."

The raising of the Communist bogey must be visualised in the light of these startling disclosures by a representative of the Uganda people.

Great play has also been made by the "East African Standard", a pro-White daily of Nairobi. It wrote editorially: "Sir John's warning and appeal need not be confined in their scope or application within the boundaries of the Protectorate he governs. They may well be taken no less to heart in other parts of East Africa for no territory is safe."

It also raised a dust, like Sir John, at the exposures of Mr. Semakula Malumba. It said: "There is little room for doubt that Malumba is in contact with Communists. He and his like are first class material for the international Communist and unhappily they sometimes lack the stability to withstand the temptations of the enticements which surround them in London where the agents of Communism mark them down as their prey."

The "Uganda Herald" also followed suit in its comments. It said: "Unfortunately these inspired and self-seeking leaders attract the following of a large number of Africans who have no idea that they are being used as tools; many of them genuinely believe that Uganda's material, political and economic ills should be accelerated. It is right and proper that they should be interested in the development of their country.... But even the simplest of these unwitting tools must realize that deliberate lies, slander, false accusations and misrepresentations are not the basis for the achievement of either political or economic advance."

AFRICAN M.L.C. DESCRIBES AFRICAN CONFERENCE
Impressions of the recent London African Conference were given by Mr. E. W. Mathu, an African member of the Legislative Council and Kenya's African delegate to the Conference.

He quoted Mr. Creech Jones, Colonial Secretary, as the "man who made the best speeches" and whose greatest point had been that Africans must help themselves without waiting to be helped in everything by Government.

He told the meeting that he had prevailed upon the Conference of Kenya's great need for more schools and particularly technical training institutions. He said he had suggested that more African students should be sent to the United Kingdom for study there as doctors, lawyers and teachers.

At the conclusion of the meeting, Mr. Jomo Kenyatta, the President of Kenya African Union, was authorized to refute Mr. Grantley Adams, the British West Indies delegate on the Trusteeship Council of UNO, suggestion that "Africans were satisfied with things as they are in the Colonies" reportedly made by him before the Trusteeship Council of UNO. He has betrayed us and undermined our campaign to fight for our rights, declared Mr. Kenyatta.

A cable refuting Mr. Adams was despatched to UNO, saying: "We Africans of Kenya who are members of the Kenya African Union reject absolutely what was said by Mr. Grantley Adams who said we are satisfied with the way we are treated. We do not know him."

Plea For Increasing Rubber Production

(From Our Correspondent.)

BANGALORE, (By Air Mail.) The need for devising ways and means for increasing the rubber production in the country in order to make it self-sufficient in its requirements was stressed by Mr. A. V. Thomas, Chairman of the Indian Rubber Board, at its meeting here.

The question of price, he said, need not occupy the primary attention of the Board, and it should now concentrate on the constructive side of the problem like research work.

Mr. Thomas felt that a 15-crore scheme would have to be chalked out in order to plant and bring into bearing sufficient acreage to meet the country's requirements of rubber estimated at about 40,000 tons.

Delhi Conference On Licensing Cotton Dealers
MADRAS, Dec. 6. (A. P. I.): A Conference of representatives of provinces and States is proposed to be held at New Delhi on December 9 to consider the question of licensing of dealers in cotton.

Mr. M. S. Sivaraman, Provincial Textile Commissioner, will represent Madras at the conference.

Police Stage Marathi Drama For Gandhi Fund
(From Our Correspondent.)
ANDHERI, Monday: For the benefit of Mahatma Gandhi National Memorial Fund, the officers and staff of the Andheri Police Station staged a Marathi drama "Karin-Tee-Purvo" at Hunsraj Morarji Public School, on Saturday night. Sjt. V. L. Mehta presided. About 1,000 persons of Andheri attended the performance. The net sale proceeds amounting to Rs. 1,300 will be donated to the fund.

Sjt. V. L. Mehta congratulated the officers Mr. Savant and Mr. Girap, for their zeal and co-operation with the public.

ARTIFICIAL FOOD ON HUGE SCALE

18 U. S. Laboratories Engaged In Research Work

NEW YORK, Dec. 6 (UPI): New discoveries of American atomic research scientists are expected to solve what in Sir John Boyd Orr's view is the greatest menace facing the world—mass starvation.

Eighteen laboratories in America have been switched over to research since it was found that radio-active chemicals can be mixed with the soil to find out the secrets of plant life.

The scientists are at last on the verge of discovering how plants turn soil, water and air into food with the aid of sunlight.

Once this is known it should be possible to carry out nature's processes in the laboratory and so produce artificial food on an enormous scale.

Further, the experts believe that they will be able to speed up nature's processes to give farmers the formula for fertilisers that will immensely improve their crops and produce greatly improved seeds.

Another aim is to alter the method of growth of certain inedible plants so that they will turn into valuable food.

Research is being carried out with the compounds of zinc, copper and manganese. These are radio-activated in the atomic fission pile and are then mixed with the soil in which plants are growing.

These chemicals are essential for plant growth, and as they are used by plants in their process of turning themselves into sugar, fat and starch, they can be watched by instruments that are sensitive to radio-active metals.

U.S. PRICE SITUATION IMPROVING
WASHINGTON, Dec. 6.—The chair man of President Truman's Council of Economic Advisers told him on Thursday that the price situation in the United States is "improving."

Dr. Edwin G. Nourse visited the President to show him the results of the Council's studies of current price trends. He said afterward that the group had found a "flattening out" of some prices, notably food and clothing costs, and that although rent charges had advanced somewhat, the general picture is encouraging.

The President was "very much gratified" over the report, Nourse said. Although prices seem to be tapering off, Nourse added, they will rise once more if there are substantial advances in military and foreign relief spending next year. If the decline is to continue, he said, the proposed \$15,000,000,000 defense budget must not be increased, and the European Recovery Programme for the next fiscal year must not exceed the \$4,000,000,000 which has been suggested.—USIS.

Rationing Of Foodgrains In Suburban Villages

Statutory Rationing of foodgrains will commence in the 47 villages of the Bombay Suburban District from December 15, 1948. Under the rules of rationing, existing Establishments (catering, residential institutions, manufacturing and 'animal' establishments) in the area must obtain licences and necessary permits in order to carry on their business.

In order to obtain necessary information for issuing licences and necessary permits to all such establishments in the above area, Inquiry Orders, in pursuance of sub-section 2 of section 4 of the Bombay Rationing (Preparatory and continuance Measures Act 1947), are being served on persons in charge of these establishments in the above area. Inquiry Orders from and submit the information required, to the Rationing Officer (Establishments), Office of the Controller of Rationing, Royal Institute of Science Building, Fort, Bombay "on or before" Friday, December 10, 1948.

Persons in charge of all such establishments should note that, in case, they do not receive Inquiry Orders by the evening of Sunday, December 6, 1948, they should obtain these Inquiry Orders from and submit the information required, to the Rationing Officer (Establishments), Office of the Controller of Rationing, Royal Institute of Science Building, Fort, Bombay "on or before" Friday, December 10, 1948.

No Tax For U. N. Appeal For Children Fund
NEW DELHI, Dec. 6. (A.P.I.): The Government of India have expected from Income-Tax donations to the Indian National Committee of the United Nations Appeal For Children, of which Ralkumari Amrit Kaur is the Chairman, announces the Publicity Officer of the Committee.

Cairo Demonstrations Dispersed
CAIRO, Dec. 6. (Reuters): Police and Camel corps men using whips today dispersed Cairo Students -- mostly girls -- demonstrating near the barricaded office of Prime Minister Nokrashi Pasha.

The students shouting "Down with the Government" demanded the release of colleagues arrested on Saturday, when Police Commissioner Sayid Zaki Pasha was killed during anti-Government demonstrations.

Air Mail Sorting Station At Santa Cruz
BOMBAY Dec. 6. (A.P.I.): An Air mail sorting station, to deal expeditiously with postal traffic arriving in Bombay by air from various places in India and Pakistan and Western countries, will be established at the Santa Cruz airport with effect from early in the New Year, it was learnt in Bombay today.

All air mail letters and packets received for Bombay and in transit at Bombay will be handled directly at the airport, thereby removing the present time-lag involved in the air postal traffic going to the G.P.O. and back again to the airports.

Business MAN'S DIARY

SUPPLY OF HARD CURRENCY

India is short of hard currency and recently measures were adopted to encourage liberal exports to hard currencies areas with a view to earning exchange. This small supply will not be able to satisfy our immediate needs to import machinery required for Hydro-electric projects and railways as well as agricultural tools and tractors. The Finance Minister is likely to approach the World Bank for securing dollars. India is entitled to a loan of 600 million dollars under the International Monetary Fund. The Bank will send a delegation to this country to investigate our requirements and await the report before final sanction.

TURN IN ECONOMIC PLANS

There is a growing belief in the country that the extensive Government expenditure on new schemes is encouraging inflationary trend. This view is now shared by the Government and at the recent meeting of the cabinet it was decided to go on only with those projects which are likely to yield early results. This decision is likely to save a possible expenditure of about Rs. 40 crores. It is true that to put all plans in action, it needs large amounts and if money is not coming readily, some of the projects need temporary abandonment. But one feels that this change virtually amounts to a feeling of defeatism. Then there is ample supply of money in the country, it only needs inducement to employ unemployed capital for the development of industry and agriculture. Can the Government do this trick?

SAURASHTRA MERCHANTS TO MEET

It is understood that cotton merchants going business in several places in Saurashtra will meet on the 14th inst. with a view to helping the Government in procuring raw cotton at fixed rates. At times a delegation is to send two representatives. Thereafter there will be another meeting of various associations carrying on forward business in Gold Silver, Groundnuts and Groundnut Oil. These markets at times are doing extensive business and they dictate prices to Bombay markets. This move will be welcomed by trading community as these associations will have democratic constitution and Government recognition. But without effective safeguards, no useful purpose will be served as can be seen from the existing conditions in the local cotton market.

DIFFICULTIES OF OIL CRUSHERS

The Bombay Oilseed Crushers' Association has drawn the attention of the Government of India to the existing difficulties of bringing groundnut and groundnut oil here. It is said that the Government is pushing up prices and the ban on arrivals from Madras and Hyderabad needs early removal. There are enough stocks in this country and it will be in the general interest if the Government looks into the matter when the Association intends to lower down oil price.

BULLS ACTIVE IN CITY MARKETS

The week opened fine in city markets with active bull support in Dalai Street and the cotton market. On the Stock Exchange Tata Steel Defd. Shares were pushed up to Rs. 1,600 but the improvement attracted moderate profit-taking and a portion of the rise was lost towards the close. Cotton prices moved up to a new high level under bull support. It is said that bulls have realised the weak position of short sellers and there seems a determined effort to quote February option at the Government sanctioned maximum price of Rs. 620. If they score a success, there will be a virtual end of trading in February delivery. Bullion market was steady while cotton were quiet on professional unloading.

SOARING PRICES OF GROUNDNUTS AND OIL

Need For Immediate Measures

The Bombay Oilseed Crushers Association has addressed the following telegram to the Government:—
Present high prices of groundnut and groundnut oil are due to slow movement of new crop into market which is hindered by ban on exports from Madras and Hyderabad which are biggest producing areas. As a result speculators are encouraged to enter market and corner stocks since they realise that shortages in any one area cannot be quickly remedied.

Furthermore by obtaining prior information of Provincial intentions to lift or place embargo on exports in provinces are enable to make substantial profits to detriment of industry and welfare of country generally. To check this strong inflationary trend we urgently request Government to announce that in view of satisfactory crops in Hyderabad and Madras powers granted to Madras by centre to impose ban will not be renewed on expiry and that present embargo on export from Hyderabad will be lifted. We further suggest that export duty on oil and seed from Hyderabad to rest of India also be abolished. If Government opt for reasonable measures into operation there will be immediate and substantial decline in rates for groundnutseed and groundnut oil. Prices are also sustained by rumours that export duty on groundnut oil and seed will be abolished shortly. Statement by Government that there is no intention of abolishing export duty will curb speculation.

Freedom Of Conscience & Religion

CONSEMBLY ACCEPTS DRAFTING AMENDMENT

Sikhs To Be Allowed To 'Wear' And Carry Kirpans

FULL DRESS DEBATE ON ARTICLE CONCERNING PERSONAL LIBERTY

NEW DELHI, Dec. 6, (A.P.I.): The Constituent Assembly today adopted two Articles, one relating to the freedom of conscience and free profession, practice and propagation of religion and another regarding protection in respect of conviction of offences.

A full dress debate developed on the important Article on protection of life and personal liberty and equality before the Law and discussion centred round an amendment based on the clause in the American Constitution, which in effect would empower the Judiciary to review even cases of legislation, which concerned personal liberty.

MUNSHI SUPPORTS AMENDMENT
Mr. Munshi and a number of speakers supported the amendment while Mr. Alladi Krishnaswami Iyer expressed his view in favour of the original text. The debate on this point was inconclusive when the House adjourned for the day.

Proceedings In Detail

The Constituent Assembly continued discussion of the fundamental rights conferring freedom of conscience and freedom to profession practice, and propagate religion on every citizen. Mr. H. V. Kamath moved an amendment to the article suggesting that the state "shall not establish, endow or patronise any particular religion, though nothing shall prevent the state from imparting spiritual training or instruction to the citizens of the Union."

Dr. Ambedkar moved an amendment seeking substitution of the word "preclude" in the article by the word "prevent".

Shrimati Durgabai moved another amendment to widen the scope of the clause relating to throwing open Hindu religious institutions to all classes or sections of Hindus.

Prof. K. T. Shah moved two amendments, one of which urged that the state should not affect the right of any citizen to follow the personal law of the group or the communities to which he belongs.

A WRONG MOVE
Pandit Lakshmi Kant Maitra, opposing suggestions that the right to propagate religion should not be granted, stated that any conception that because India was a secular state and, therefore, the practice and propagation of religion should not be permitted was wrong. By a secular state, they meant that the state would not make any discrimination whatsoever on grounds of religion. This meant that no particular religion would receive any special patronage. But this glorious land would use all its spiritual values and heritages if the right to practice and propagate religion was not recognised as a fundamental right.

Pandit Maitra said he was sorry that observations had been made regarding the Christian community's proselytising activities. If they were to get away with this impression, he was afraid that a great deal of injustice would be done to the great Christian community.

The Indian Christian community was the most inoffensive community in the whole country. They were spending over two crores of rupees every year on maintaining educational institutions and other institutions for the uplift of the people. If they had spent this money on proselytisation, then, instead of numbering only seven millions today, they would have numbered 70 millions.

TEXT OF ARTICLE
The House adopted two drafting amendments to the Article and passed the Article following a brief general debate. The article reads as follows:

"Subject to public order, morality and health and to the other provisions of this part, all persons are equally entitled to freedom of conscience and the right freely to profess, practice and propagate religion. Nothing in this Article shall affect the operation of any existing law or prevent the State from making any law, regulating or restricting any economic financial, political or other secular activity which may be associated with religious practice for social welfare and reform or for throwing open a public character to all classes and sections of Hindus."

SANTANAM'S SUPPORT
Mr. Santanam supporting the Article characterised it as an "Article of religious toleration". The article, he said, should be read with the Article giving the Indian people seven freedoms including the freedom of expression and speech, and of association. It was thought in this country hitherto that anything in the name of religion, religious or unrestricted practice but the right was not given so long as it was inconsistent with

any person be denied equality before the Law or the equal protection of the Laws within the territory of India."

Two Amendments were moved to this clause. The first by Mr. Karimuddin sought to substitute the first part by the words "No person shall be deprived of his property without due process of law" and the second by Mr. Mehboob Ali Beg sought to replace the words "according to procedure established by law" by the words "except in accordance with law."

"SAD CHAPTER IN OUR HISTORY"

Mr. Karimuddin stated that unless his amendment was accepted they would be opening a sad chapter in the history of the country. The words "according to procedure established by law" in the original form would do great injustice to the law courts in the country. If a court was satisfied that the prescribed procedure had been applied they would not be able to interfere even if the procedure was a capricious and unjust one.

Mr. C. C. Shah supported the amendment which sought to substitute the phrase "due process of law" for the phrase in the original draft "in accordance with the procedure". The phrase suggested by the amendment occurred in the American constitution, which empowered the Court to review the legislation. It had also given power to the Court to see that not only was a proper procedure followed in determining the personal liberty of the individuals but also to decide whether the substantive provision of law was fair and just.

Mr. K. M. Munshi supporting the amendment for the substitution of the phrase "due process of law" for the original text, explained that by the amendment the Court was empowered to examine not merely whether convictions had been in accordance with law, or a proper procedure had been adopted but also to decide whether the substantive part of law was proper and justified by the circumstances of the case. He said that the House valued to set up a democratic state. For the success of democratic state, a balance must be struck between individual liberty and social control. They must not forget that the majority in the legislature was more anxious to establish social control than preserve individual liberty. Therefore some scheme must be devised to strike a balance between the needs of individual liberty and the demand for social control.

DRAFTING COMMITTEE'S CHANGES

The Drafting Committee had made drastic changes in the Article based on the American Constitution. It ran that "no person shall be deprived of life, liberty or property, without due process of law." Liberty was construed widely to cover the liberty of contracts. The amendment sought to provide that no person should be convicted or sent to jail or sentenced to death without due process of law. It was confined to the process of law only. It would enable courts to examine not only the procedure part and the jurisdiction of legislature but also substantive law. He maintained that when a law had been passed which entitled the Government to take away personal liberty of an individual, the court would consider whether the law was such as required to meet the exigencies of the case. It had to find the balance between the need of individual liberty and the demand for social control.

The government would have to go to a Court of law to justify the necessity of a particular measure infringing the personal liberty of individuals. In democracy it was necessary that the Government should be required to justify the necessity of the measures that it had taken.

ALLADI'S EXPLANATION
Mr. Alladi Krishnaswami Iyer said that the debate revealed a lot of members in favour of the extension of the process of law. He said that if the original phrase "according to procedure established by law" had been understood clearly and according to the interpretation of English judges, there might be no difficulty at all. The expression as developed in the United States Supreme Court and in the courts of England, India and in the courts of long history in America. The Supreme Court had the last word about what any particular clause meant. It might be possible here that ardent democrats should have greater faith in the Judiciary than in the concerted expression by the Legislature. Further the Supreme Court had the last word about what any particular clause meant. It might be possible here that ardent democrats would have greater faith in the Judiciary than in the concerted expression by the Legislature. Further the Supreme Court had the last word about what any particular clause meant. It might be possible here that ardent democrats would have greater faith in the Judiciary than in the concerted expression by the Legislature.

CONGRESS PARTY WHIP
Moulana Hasrat Mohani stated that he had got a copy of a Whip issued to the Congress Party Members asking them to oppose Mr. Karimuddin's amendment.

Mr. Mahabir Tyagi was seen at this stage rising in his seat and protesting against the Moulana's reference to the Party Whip.

The Vice-President closed the incident by urging Mr. Tyagi whom he described as a "stormy petrel" not to interrupt the proceedings but instead to help the Chair to conduct the proceedings.

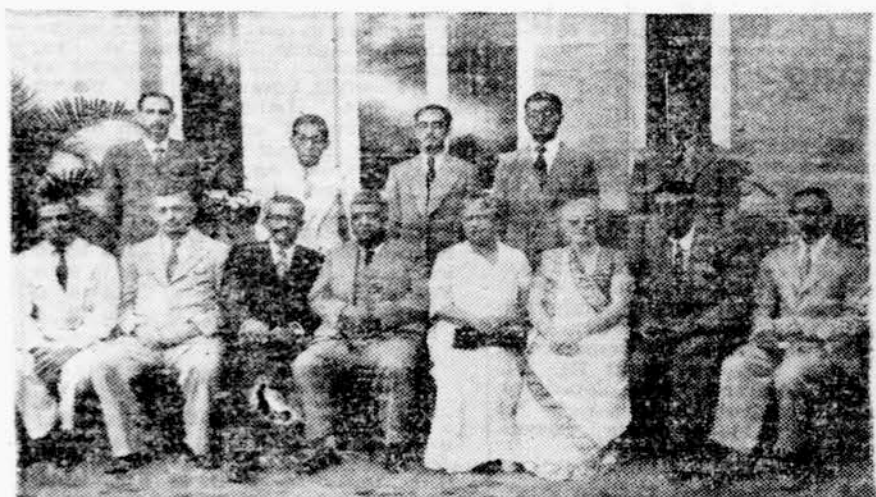

Referring to Moulana Hasrat Mohani's point, the Vice-President said he was sorry that an old and experienced public man like the Moulana should have forgotten himself to make a reference to things which had no concern with the House. The Chair himself, although he belonged to a particular political party, belonged to no party, while he occupied the Chair. It was in that spirit he was conducting the proceedings of the House (cheers).

The Vice-President asked the House whether he had their permission to reopen the matter. This permission was readily granted and the Article was voted upon.

The House then took up Article 15, discussion on which also had been held over last weekend. The clause states that:

"No person shall be deprived of his life or personal liberty except according to procedure established by law nor shall

MODEL BUILDERS' EXHIBITION

Raja Sir Maharaj Singh declared open the 5th Annual Model Builders and Handicrafts Exhibition at the B.E.S.T. Hall on Monday.

DEVELOPMENT OF INDIA'S POTENTIAL RESOURCES

Bombay Governor's Plea At Model Builders Exhibition For More Skilled Workers

BOMBAY, Monday: The need for an ever increasing number of technicians, engineers and other skilled workers in the country, "to improve and bring to fruition the various post-war schemes of the Central and Provincial Governments," was emphasised by Raja Sir Maharaj Singh, Governor of Bombay, opening the Fifth Annual Model Builders and Handicrafts Exhibition at the B.E.S.T. Conference Hall this afternoon.

The Governor said India could develop her potential resources to the fullest extent and hold her own among the progressive nations of the world. He added: "Given the necessary opportunities, not a few of our youth can make very ingenious models of engineering skill. It is this natural ability which must be harnessed for the benefit of the nation."

GOVERNMENT'S INTEREST
Sir Maharaj Singh, who presided over the exhibition, said that the Government was deeply interested in the progress of technical, vocational and craft education and suggested that the Society should apply to the Government's Department of Education for a subsidy. He said that the Society's request would receive speedy and sympathetic consideration.

Earlier, Mr. M. P. Polson, Chairman of the Bombay Society of Model Engineers, welcoming Raja Sir Maharaj Singh, Rani Maharaj Singh and Dr. M. U. Mascarenhas, Mayor of Bombay, said that the Society and the Government to encourage the institution in every way.

carried, the Supreme Court in India would follow in interpreting the article, on American precedents especially the early stage. It should interpret it to suit the conditions of India for the progress and well-being of the country.

UTOPIA NEAR SOLOMONS
900 Inhabitants Do Not Know There Was A War
SYDNEY, Dec. 6 (Reuter): The crew of the 109-ton "Ketch Mienia," which reached here today, claim they have discovered an "Island Utopia" where 900 inhabitants do not even know there has been a war.

Its people have "no politics, no inflation, no taxes and no isms. Women wear their hair short and men wear their long and bleached. It is the island of Tikoteia (three miles long and a mile and a half wide), 450 miles east south-east of the Solomon Islands.

THREE DESTROYERS FOR R. I. N.

NEW DELHI, Dec. 6 (A.P.I.): The three destroyers, "Redoubt" and "Raider" the acquisition of which by the Government of India was announced earlier, will be renamed "Rajput" (flotilla leader) "Ranjit" and "Rana" respectively, says a Defence Ministry press note.

The destroyers will assume their new names at the time of the actual transfer to the Royal Indian Navy early next year.

These destroyers were built in 1942 over 1,700 tons. Their armament consists of four 4.7-inch guns, four two pounder pom-poms, eight 20-mm. guns, eight 21-inch torpedo tubes besides the most up-to-date radar equipment and anti-submarine devices.

JAPAN'S TRADE

WASHINGTON, Dec. 6 (U.P.A.): The Allied Far Eastern Commission announced today that it had decided to permit Japan's world trade to go back to virtual peace-time footing, subject to SCAP discretion.

ment dealt only with a small sphere of action namely personal liberty. Was the state going to be so weak as to be overthrown by the activities of individuals? They would not be able to do everything. They could be brought before the court and judged by the law. He thought that those who saw a germ of disruption of the state in the amendment were creating a bogey.

The House had not concluded general discussion of the article when it adjourned for the day.

CITY MEDICAL STUDENTS LAUNCH 'SATYAGRAHA'

BOMBAY, Monday. According to a decision taken by a Provincial Convention of Medical Students, held here Saturday, 315 students of the first and second year classes of the Grant Medical College, launched on a "Satyagraha" this morning when they refused to pay the term fees. They were thus protesting against the recent increase in tuition fees.

ABOUT 200 STUDENTS MADE A DEMONSTRATION THIS MORNING IN FRONT OF THE OFFICE OF THE COLLEGE PRINCIPAL, WHILE MANY OTHERS PICKETED IN FRONT OF THE COLLEGE ACCOUNTANT'S OFFICE. THE PICKETING WAS COMPLETELY SUCCESSFUL.

NOT A SINGLE STUDENT PAID HIS FEES, A "SCORE BOARD" PUT UP BY SOME CRICKET MINDED STUDENTS, SHOWED DETAILS OF THE "MATCH" BETWEEN "PAYERS" AND "NON-PAYERS." "NON-PAYERS" CONSISTING OF 152 FIRST-YEAR STUDENTS AND 163 SECOND-YEAR STUDENTS, HAD "SCORED" 315 RUNS FOR NO "WICKETS," WHILE THEIR OPPONENTS WERE "ALL DOWN" FOR ZERO.

Students of the other classes who have to pay their fees in the course of the week are also expected to desert from paying. Similarly medical

cos of the other colleges in the Province will join the Grant Medical College students in the "Satyagraha".

Government had increased at the beginning of the academic year the tuition fees of the students from Rs. 101 to Rs. 175. The medicals went on a token strike on September 1 last in protest, when Dr. M. D. D. Gilder, Minister for Health assured them that "he would do his best to reduce the Government maintained that the increase in fees was fully justified.

Saturday's Convention of Medical Students, which was largely attended by students from all parts of the Province, passed a resolution characterising the Government's action as "unjustified" and calling on the students to desert from paying their fees until the Government reversed its decision. The Convention also called upon students not to accept and free-ships offered them. It decided to observe a "Protest Day" the date of which would be fixed later.

EX-JAP PREMIER TO BE ARRESTED

TOKYO, Dec. 6, (Reuter): The Japanese Diet today approved by 140 votes to 123 the arrest of Hitoshi Ashida, Democratic Party leader and former Prime Minister, on charges arising from the Showa Denka Fertiliser Company affairs.

Japanese newspapers said they expect Ashida's arrest tomorrow.

New President Of Travancore Representative Body

TRIVANDRUM, Dec. 6 (A.P.I.): Mr. R. V. Thomas, Advocate of Kottayam and Veteran Congressman, was unanimously elected as President of the Travancore Representative Body today in succession to Mr. A. J. John who has resigned on taking office as Finance Minister.

Members of the Travancore Tamil Nad Congress did not attend the meeting of the Representative body.

Food Minister In Ahmedabad

AHMEDABAD, Dec. 6 (A.P.I.): India's Minister of Food and Agriculture, Mr. Jai Ramdas Daulatram, who arrived here this morning by train from Delhi to see the conditions in Ahmedabad district, drove through 127 miles of barren fields in seven hours in the interior of the district accompanied by Mr. H. L. Lala, M.L.A. (Bombay) and General Secretary of the Gujarat Provincial Congress Committee and other Congress workers and the district collector.

PERSONAL ISSUES OVER PRINCIPLES

Mrs. Pandit Deplores U. N. Delegates' Attitude
PARIS, Dec. 6 (Reuter): Mrs. Vijayalakshmi Pandit, India's chief delegate to the United Nations, told Reuter here today after her last appearance at the General Assembly: "The people of Asia are very uneasy at the way the United Nations is functioning."

"After experiencing the failure of western diplomacy twice in a generation, they do not wish to be the victims of the same sort of failure for a third time."

We in India are intensely anxious to do everything we can to promote world peace and security. But we feel there is little possibility of perfecting a world which may prove invaluable to victims of atomic warfare, it was learned today. The drug is Rutin which comes from green buckwheat.

YET ANOTHER URANIUM STRIKE REPORTED IN ONTARIO

SAINT MARY, Ontario, Dec. 6 (U.P.A.): The fourth discovery of uranium in this area was reported from the nearby Beaver Rock, a tourist resort at the mouth of the Agawa river.

SIX KILLED IN GERMAN RAIL ACCIDENT

HANOVER, Dec. 6 (U.P.A.): Six persons were killed and a number of others were injured when two trains collided in the British zone Sunday morning, railway officials announced today.

ISRAEL APPLICATION FOR U.N. MEMBERSHIP

LONDON, Dec. 6 (U.P.A.): Britain is not prepared to support the application of Israel for admission into the United Nations at present, Christopher Mayhew, Under-Secretary for Foreign Affairs, told the House of Commons today.

UNESCO'S NEXT SESSION

BEIRUT, Dec. 6 (U. P. A.): The United Nations Economic, Scientific and Cultural Organization's General Conference decided today to hold its fourth session in Paris in late 1949 and its fifth session in the following spring tentatively in Florence, Italy.

TWO KILLED IN CLASH WITH CUSTOMS

PARIS, Dec. 6 (Reuter): Two Muslim workmen were killed and three other Muslims wounded in a clash between customs guards and a crowd of 3,000 at Beni Sak, 65 miles South-West of Oran in Algeria, Agence France Presse reported today.

KENYA NEWS LETTER **BRITISH COLONIAL RULE** **IN UGANDA**

—MISS SEDGWICK.

An Urgent Reform

Constituent Assembly. The result is that separation of the Judicial and Executive functions is not a purely negative function. Creation of the Indian Union, a directive for this reform has been given but there is no guarantee that it will be carried out very soon. No one here will feel its urgency, in national interests, are disappointed and impatient.

Inaugurating the annual conference of Judicial officers of Bihar, Sir Clifford Mahomohan Agarwalla, Chief Justice of the Patna High Court, gave expression to this dissatisfaction and its impact in a very forceful manner. He said "I consider that, without an absolutely independent Judiciary it is idle for the constitution to maintain a list of fundamental rights and impossible to keep the organs of justice pure." These are very strong words but they are true. Justice Agarwalla criticised the framers of India's Constitution and said that they had not thought of the inevitable impact of the immediate separation of Judicial and Executive duties and he proceeded to ask: "What is the reason? Why is it that a step which seemed so eminently desirable before August 15, 1947, has been lost sight of for those who were formerly such ardent advocates of it? Is there any other answer than the one I have already suggested, namely, that a power corrupts?" Mr. Agarwalla addressed the members of the U.P., who addressed the conference, endorsed what the Chief Justice had said and added that, on her return to her own province, "she would see that her Government did not act so foolishly as some other Governments had done." We trust, in view of the statement made by Pandit Jawaharlal Nehru, provincial Governments will now take steps to make this reform a reality. In our own province, our Chief Justice has also on more than one occasion strongly advocated this reform and drawn attention to it. The Government of Bombay has not been remiss in the matter. It appointed a committee which has shown, in its recommendations, that the reform is not only an administrative but a judicial one. We hope the Government of Bombay will soon give practical effect to the recommendations of that committee.

FRANKLY SPEAKING

Wanted Action

The United Nations Economic Commission for Asia and the Far East

"Teachers should be paid adequately, but only so that they might be able to devote all of their day to the noble work of educating the young mind," said Mrs. Sarojini Naidu the other day addressing the University of Allahabad. "Freedom from worry is the need for all those who work for a living but it is much more essential for a teacher. Mrs. Naidu asked: "What kind of teachers could we expect to have if we do not respect children? If they paid only meagre salaries to them?" The demand on

Bombay A. I. R.

REPORT

To drive from Bombay to Kandla by car is a glorious experience and infinitely preferable to making the journey by train because we then stop and see the things that we see while from the train we see it only as a panorama, unfolding and being left behind before we have had time to take in all its beauty. As we were up the early evening the trees cast the long shadows over the newly reaped paddy fields. Doves and Magpies flew up to greet our approach, while on the telephone wires we saw Bee-eaters, King Crows and Swallows watching us fly by. The road was lined with evening meal Ponds near the roadside were lined with lovely mauve or tne water lily-cynth, while the lotus stood erect among the floating leaves. The lotus opened its petals to the sun in the morning and closes at about midday.

A. I. R. And Karnatic Music

But the station directors of the regional stations, and Bombay, in particular, seem to adopt a policy at variance with the professions of the Sardar. The repeated demands of the large section of the South Indian element of the population of Bombay section which, no doubt, constitutes quite a big number to the Bombay station authorities to give some place to Karnatik music also in their programmes have met with a downright refusal.

The earlier the Broadcasting Ministry enquires into the work of the stations, the way in which they are trying to serve as wide a circle of listeners as possible, the better for the listener as well as for the Department.—Yours, etc.,

Industry And Agriculture

Sir,—For achieving national prosperity and a general rise in the standard of living in India, besides emerging from numerous bottlenecks through which the Government and the people are passing at present, I suggest that for the time being the government should exempt from income tax and super tax, such profits from industry, as are poured into agriculture. This suggestion may appear irresponsible or fantastic at first sight. I trust, however, on reconsideration, it will be found to be neither on the contrary, it will be found to be a feasible and a desirable measure to combat inflation and increasing production of food for which India is paying a heavy price to foreign countries.—Yours, etc.

NAYAN H. PANDYA

Anti-Inflation Drive

Sir,—As a regular reader of your esteemed "Bombay Chronicle" daily, will you please allow me to express in the column an aspect of the anti-inflation campaign launched by the

Government of India? As one long interested in the practical propaganda of the Government Small Savings Scheme, I may state that since Government have declared for the encashment by the holders of the Government 1943-48 five year interest free Prize-Bonds on or after 15th January 1948 the encashment running into millions of rupees will flood the money market by circulation and swell the inflation, unless serious

attempts are made to locate this cash again into treasury vaults. This can be done, I think, by immediate appeal to and intensified propaganda to the public to save this wealth again by purchase of National Savings Certificates through the valiant efforts of the local Small Savings Organizations.

Similarly Government may please re-start and issue new interest free Prize-Bonds encashable at stipulated period say after three or five years and offering money prizes to holder. The former Prize-Bond Scheme certainly proved successful by bringing surplus wealth of crores of rupees from hoarding money at hand for Government for the good of the public. Interesting them both through it, of course. Such a scheme if started is sure to work as a positive anti-inflationary measure. Will our Government please ponder over it?—Yours, etc.,

RAFIQUEAHMED M. MIRAJKAT
Thana Dec. 6.

as I have found to my cost when I have been tempted to buy these glorious flowers from the little boys who come round selling them at the door. They have, however, a second lease of life, for I find that they generally come out again on the second morning even when they have seemed quite faded and dead on the previous day.

E.C. AND R.I.S. RUIA TIE IN FIRST INNINGS

R. B. Kenny's Plucky Century

BOMBAY, Monday: Cricket with all its thrills was the keynote of the second day's play in the Inter-Collegiate Finals played on the Elphinstone College ground between Ruia College and E.C. and R.I.S. The fortunes as to which side would win a first innings lead were rather swinging in the air and at one time it looked as though Ruia would be dismissed cheaply, but dropped catches changed the complexion of the game and with this state of affairs the batsmen went ahead in a carefree style. R. B. Kenny of Ruia who had no fewer than four lives completed his century and was mainly responsible for the exactly equal total scored by Ruia College.

Ruia College in their first innings scored 233 runs E.C. and R.I.S. had also scored 233 runs in their first innings yesterday. A dramatic and to a first innings.

The E.C. and R.I.S. side went in to bat a little after lunch time and they put up 91 runs for the loss of two wickets. Dinesh Medh was not out 39 and Vanavati 29 not out.

BOWLING ANALYSIS: V. S. Patil 6-2-6-0; R. B. Bhode 13-6-19-1; S. P. Gupta 8-1-25-0; Korgaokar 4-0-17-0; Nerurkar 3-0-10-0; R. B. Kenny 3-0-5-0.

Settling Footballers' Grievances

LONDON (By Cable): Mr. George Isaacs, Minister of Labour, told the Commons that he was willing to use his influence to bring the parties together over the question of wages and conditions of employment for professional footballers. The question was raised by Mr. Ellis Smith (Labour), of Stoke.

Though a joint negotiating machinery was recommended by the National Arbitration Tribunal 18 months ago, it has not been established so far.

Force Draw WALCOTT'S GRAND CENTURY

Rickards (99) In Sixth Wicket Partnership Of 197

POONA, DEC. 6 (A.P.I.). THE WEST INDIES VERSUS WEST ZONE MATCH ENDED IN A DRAW HERE TODAY. WHEN STUMPS WERE DRAWN, THE TOURISTS HAD PILED UP 478 RUNS FOR THE LOSS OF EIGHT WICKETS. THERE WAS A MAGNIFICENT RACE BETWEEN WALCOTT AND RICKARDS FOR THEIR RESPECTIVE CENTURIES AND WALCOTT, WON. RICKARDS MISSED HIS BY ONE RUN.

DETAILS OF PLAY

Except for a nasty spot made by the heel of one of the bowlers the previous evening the Poonan wicket was perfect and in the opinion of the groundsmen it would last another day without showing the least signs of wear.

Cautious cricket was much in evidence when the four-day game between the West Indies and the West Zone entered on the fourth and last day's play with the visitors requiring ninety runs to avoid an Innings draw. Sohoni and Hazare opened the attack but after bowling four overs each in which only seven runs were scored all by the left-handed Rae. Rajli and Patel were tried but without any result.

Atkinson, who had batted 12 minutes yesterday, took another twenty-five minutes before he scored his first run with a single to squareleg off Patel while Rae obtained the first four squares by driving the same bowler to the mid-on boundary after play had lasted exactly half an hour. Patel was unable to turn much and Atkinson lifted him to the top of the shambians over the mid-on boundary for a grand six. Then Rae completed his individual fifty in a stay of 100 minutes with four fours and his principal strokes in a total of 152 which were reached as the result of 140 minutes play.

161 and the latter crossed over to displace Patel at the other end, whose sixteen overs had cost him 44 runs without getting a single wicket.

Then Atkinson drove Rajli to the on-boundary but in trying to pull a short-pitched one, the ball kept low and he was unable to connect properly and B. Nimbaikar fielding at deep delivered a brilliant running one-handed catch at the second attempt. Atkinson batted in all 75 minutes for his 28 which included one six and one four and the partnership had added 77 runs for the third wicket.

RAE DISMISSED

Weekes joined Rae but after adding six runs, Rae attempted to drive Rege, who was bowled leg-stump for 61. The left-hander was at the wicket for 127 minutes during which he had played a patient Innings and hit only five fours.

Rickards and Weekes then became associated but when the former was only two in a total of 201 Rajli failed to accept a stinging return after moving well to mid-on. Weekes also was very uncomfortable against Rajli at the stumps but later hooked at deep the bowler to the squareleg boundary. Runs now started fast in well-placed singles and twos and at 206 Patel took over from Rege whose one wicket had cost him ten runs. The ball did not touch the batsmen and Rickards drove him straight to the ropes.

HALF SIDE LOST

Then Patel struck another blow for the West Indies. In stepping out to drive Weekes yoked himself and was bowled leg-stump for 31 completed a stay of 37 minutes with the aid of four fours and the West Indies had lost half the side for 221 runs.

Walcott joined Rickards and at once started batting confidently. Stepping out to Rajli his great reach enabled him to turn several balls into full-tosses and crack them through the covers. But when he was eleven in a total of 240 he was completely beaten by Rajli but fortunately for him the ball did not touch the batsmen. Then Rickards drove Patel to the mid-on boundary to register 250 on board after the Innings had lasted 210 minutes. Hazare took over from Patel for the last over before lunch and sent down a maiden and when the score was taken the score was 250 for the loss of five wickets.

Pessimistic Position

With Ferguson and Gomez on the sick-list, though they were reported to be better today, West Indies position at the time of resumption after lunch was none too good and the West Zone had to get Walcott out if they were to register an outright win but a few minutes play after lunch dashed any such hopes to the ground and during an hour of play the pre-lunch not-outs had consolidated their position by taking a lead of 100 runs without further loss.

Rajli bowled one over after lunch and conceded a single and then with the new ball taken at 261 Sohoni and Hazare returned to the attack. Hazare obtained a four with a pretty late-cut off Hazare and then Walcott drove Hazare to the on-boundary following up with a straight drive for three and then facing Sohoni hit him for two spe-

SITUATION GETS STEADY

Umrigar was tried for Sohoni at 286 and two runs later Rajli came on vice Hazare whose one wicket had cost him 38 runs. And runs coming steadily, 300 went up after the Innings had been in progress for 264 minutes, Rickards then being 46 and Walcott 26.

At 304 Patel was tried in place of Umrigar who had failed to take a single wicket in nine overs and Rickards glancing Patel to the fine-leg boundary reached his own 52 after 105 minutes with the aid of five fours in a total of 309 and a few runs later Walcott emulated him when the score was 325 but his effort had occupied him only 88 minutes during which he hit only four fours.

Thereafter runs started coming fast with Walcott scoring all round the wicket. 350 went up as the result of 303 minutes' play and at that stage Rickards' score was 73 and Walcott's 62 but thereafter Walcott overhauled his partner and when teams adjourned for tea he had got 81 to Rickards 89 in a total of 360 for 5.

At 377 Sohoni took over from Rege who had displaced Patel at 343 and a little later Kishenchand was also tried but without any success and at tea the score was 398 for five. Rajli who had bowled 47 overs had conceded 162 for his two wickets.

DEFEAT AVERTED

With the game saved, the West Indies had valuable match practice in view of the Second Test and batted the rest of the day collecting 478 for the loss of eight wickets. The game ended in a draw.

There was an exciting face between Walcott and Rickards for their respective centuries and Walcott won. Rickards missed his by one run.

Hazare and Sohoni were in charge of the attack after tea and two singles made Rickards 91 while with four singles and a two Walcott reached 97. Then Rickards glanced Hazare to the fine-leg boundary and next square-cut. Sohoni for 4 to get to 99. Then Walcott getting the knock placed Hazare to mid-on for a three to complete a chanceless 100 in a stay of 155 minutes with the aid of one six and seven fours. Rickards was then run out in an unfortunate manner. He square-cut Hazare to cover-point and ran for a single but Walcott sent him back. Before Rickards could regain his crease, Umrigar's return to Nimbalkar beat him by a few inches and Rickards was out for 99 completed a stay of 155 minutes with eight fours and four included in his score.

WALCOTT'S FINE DISPLAY

Goddard joined Walcott who now delighted the crowd by sending a tui toss from Rajli out of the ground with a huge six. Hazare brought on Kishenchand in place of Rajli at 430 and Walcott paying forward gave the bowler a low return catch which was accepted. Walcott had given masterly display lasting 185 minutes and his chief strokes were two sixes and several fours. Cameron who came next was completely beaten by Sohoni after scoring one but thereafter Gomez and Goddard stayed together till the end. Goddard's 30 included three fours.

International Heavy-weight Contest

LONDON, December 6 (Reuter): Bruce Woodcock, the British Heavy-weight Champion, scaled three pounds more than the American, Lee Savold, at the weigh-in for tonight's ten-round International contest at Harringway Arena, London. Woodcock weighed 13 stone nine pounds and Savold 13 stone six pounds.

Maharashtra's Team For Ranji Trophy

POONA, Dec. 6 (A.P.I.): Maharashtra's team to play against Kathiawar in the second round of the Ranji Trophy tournament will be selected from the following players.

Y. N. Gokhale (captain), P. G. Joshi (wicket-keeper), B. B. Nimbalkar, Capt. Mohanlal, S. D. Deodhar, K. V. Bhandarkar, S. D. Dhanawade, D. G. Choudhary, S. C. Patil, S. Chabukswar and G. S. Patwardhan. The match will be played on the Poona Club ground on December 16, 17, 18 and 19.

BOMBAY HOCKEY UMPIRES OFFICE-BEARERS

Important Decision Adopted

BOMBAY, Monday: The Bombay Hockey Umpires Association met this evening and held their elections to the Committee. Besides an important change was made in the following rule and unanimous decision was reached. The resolution adopted was as follows: The appointment of Hockey Umpires to officiate at all games played under the auspices of the B.P.H. A. Ltd. shall be appointed by the Committee of Bombay Hockey Umpires Association. Appointments for important games will be made from a panel of names submitted by the Umpires Association for approval to the B.P.H.A. Ltd.

The following office-bearers were elected: President: Cyriaco D'Souza. Hon. Secy: Ayres J. Francis. Hon. Treasurer: F. A. Fernandes. Committee members: Donal Fernandes, U. S. Joseph, Thomas B. D'Souza. Auditors: Basil Solis and D. M. Fernandes.

PAREL HOCKEY

BOMBAY, Monday: Both the matches played in the First Division of the Parel Hockey League resulted in goalless draws. This evening at the St. Xavier's Ground Parel Times 'B' 0-Mazagon Dock 'A' 0. Bhimraj S.C. 0, Lever S.C. 'A' 0.

Bombay Area Army collected two points at the expense of the Ruia College when they counted in four goals to nil in Div. III of the Parel Hockey League played at the G.I.P. Rly. Ground Parel. Muklit Sing 2, S. Sekhon and Haruluddapath.

B. B. C. I. 'B' HELD TO A DRAW

Lusitanian's 'B' Improve In Every Outing In Hockey League

BOMBAY, Monday: Lusitanian's 'B' team created a favourable impression in the First Division match against the B.B. and C.I. 'B'. The inexperienced side with practically all school boys in the side they would have beaten the Railwaymen but lack of experience prevented them from scoring B.B. and C.I. 'B' also missed numerous scoring opportunities. The final result was that the match ended in a draw both sides scoring one goal each.

The exchanges were on both sides even and in the first half of play poster scored for the Railway and Braganza shot the equalizer, thereafter numerous chances were literally thrown away. The second half proved exciting as the Lusit 'B' were making dangerous moves that put the Railway defence off. There was no addition to the score, therefore, no goals were scored by either side.

On the Bombay Gymkhana ground Blue Wizards beat Cathedral O. Boys by two goals to nil.

On the Parsi Cyclists ground St. Xavier's 'D' beat Young Comrades by a single goal.

Hasset Knocks Up Century In Bradman Testimonial

MACCOOL CLAIMS FIVE VICTIMS

MELBOURNE, Dec. 6 (Reuter): Taxation officials in Canberra said today that Don Bradman would be required to pay gift duty on the match now being played here, but he would not be subject to income tax on the amount.

Gift duty is at the rate of three Australian pounds (£2, eight shillings) per 180 Australian pounds up to 10,000. Only 4,000 people were present at today's play which was expected to be an anti-climax after Saturday's thrilling display, but it now seems certain that Bradman will net 4,000 Australian pounds.

Bradman's team added 70 runs in 45 minutes today and were all out for 434, giving them a first Innings lead of 28 over Hasset's sides 408.

Ray Lindwall, the test fast bowler, failed to get a wicket. Colin McCool, the Queensland spin bowler, took five for 101 runs.

Test umpire Barlow was knocked out when he was struck on the head by a hard pull from D. Raymer, who scored 40. Barlow was replaced by former test umpire George Hele.

LIVELY BATTING

Some lively batting barred Hasset's side's second Innings score to 430 all out by close of play.

Bradman's team need 402 tomorrow for victory.

Hasset scored 102, Sidney Barnes 89, W. Brown 53.

Barnes put on a dual turn of brilliant batting and bowling, taking a miniature bat from his pocket he pretended to book a ball from Ian Johnson and then with the real bat rattled up 89 out of 116 including 12 fours and two sixes.

The crowd which had increased to 7,000 saw some bright cricket which produced 200 in 119 minutes. Bradman wound up a lively day's cricket with a 20-minute spell of bowling and took two wickets for 12 runs.

Hasset batted for 141 minutes and hit six boundaries. Len Johnson hit

1950 EMPIRE GAMES TO BE HELD IN NEW ZEALAND

AUCKLAND, (New Zealand) Dec. 6, (Reuter): The Empire Games of 1950 will be held here from February 4 to 11 inclusive, and a full organising Committee appointed tonight, decided that the sports for the games will be Athletics, Boxing, Wrestling, Weight-lifting, Swimming, Fencing, Lawn Bowls, Rowing and Cycling.

The programme of events will closely follow that of previous Empire Games Festivals and the official invitations to Empire countries to compete in Auckland will shortly be distributed.

His Majesty, King George the Sixth, is to be asked to act as Patron.

Hayes Bid For Welter-weight Honours

SYDNEY, December 6 (Reuter): Twenty-year-old Harry Hayes, a promising contender for Australian welter-weight honours, easily outpointed Jack Daniels, a veteran of 68 fights, at the Sydney Stadium tonight. For the first few rounds the awkward style of Daniels worried Hayes but at the end of the twelfth and final round Hayes had piled up a lead on points. Hayes scaled ten stone 6-3 1/4 pounds to the ten stone 8-1 1/4th pounds of Daniels.

100 Yards Record Recognised After 7 Months

NEW YORK, Dec. 6 (Reuter): The American Amateur Athletic Union has recognised as American record the time of 9.3 seconds for 100 yards set up by Mel Patton, the Olympic 200 metres champion at Fresno, California, on May 15 last.

An application will now be made to the International Amateur Athletic Federation for its recognition as a world record.

The A.A.U. had withheld its own recognition while the Records Committee studied timings by three official time-keepers. Patton is already holder of the recognised world record of 9.4 seconds.

MOVE TO INVITE JAPAN FOR 1952 OLYMPICS

NEW YORK, Dec. 5 (Reuter): Mr. Avery Brundage, President of the United States Olympic Association, said here that there was a possibility of Japan being invited to participate in the 1952 Olympic games in Helsinki (Finland).

In an interview Mr. Brundage said that though Japan would be considered for invitation if General MacArthur, Supreme Allied Commander in Japan, would approve the formation of an Olympic Committee in the country.

"This is only my personal view," he said.

"We have not had official word from Japan, but I understand such a move is under way." Asked if he thought Germany might qualify similarly, Mr. Brundage said he did not know.

He would not attempt to predict what Russia might do in the future in international athletics.

Ceylon Minister Hopes To Witness Bradman Play

MELBOURNE, Dec. 6 (Reuter): Sir John Kotelawala, Ceylon's Minister of Transport, who is negotiating an air service between Ceylon and Australia, hopes to have his first opportunity tomorrow to see Don Bradman batting, when he will attend the Testimonial Match.

Sir John, himself a cricketer, made a century against an Australian Army team in 1915.

While in Australia, Sir John will also inspect dust farms.

HOLKAR BEATS C. P. BY NINE WKTS.

Kesari's Fine Century In Ranji Trophy

INDORE, Dec. 6 (A.P.I.)—Holkar won the Ranji Trophy match against C.P. by the virtue of their first Innings lead.

Kesari's Century

A century scored in three and half hours by Kesari was the feature of the play before lunch when the Ranji Trophy match between Holkar and Central Provinces was continued here on the fourth and last day here this morning. C. S. Nayudu and Jagdale opened the attack.

A single by Gopi Naidu wiped off the C.P. deficit and Kesari who was 83 not out yesterday reached his 90 soon after. The first bowling change was made at 146 Gaekwad replacing Jagdale. Kesari sent up the 150 of the Innings in four hours, the partnership then having added 138 runs in just over three overs. Gaekwad bowled one maiden over with the new ball, which was taken at this stage, and Jagdale returned in place of Nayudu at the other end. Gopi Naidu who had been playing a most stolid game then hit two fours, both off Jagdale to reach his 50 in four hours and five minutes.

MUSHTAQ FOR RESCUE

At 171, Mushtaq Ali was brought on to bowl for the first time, in place of Jagdale. With a square cut, he took the boundary off the new bowler, Kesari then reached his hundred, scored in three and half hours, including 15 fours.

C. K. Nayudu relieved Gaekwad, Gopi Naidu who was now batting with greater confidence twice drove C. K. Nayudu to the off boundary. Eventually Gopi Naidu fell a victim to C. K. Nayudu. Gaekwad, at mid-off taking a hard catch close to the ground in excellent style. The Naidu-Kesari partnership had put on 181 runs for the fourth wicket in three hours and 50 minutes. Gopi Naidu's 72, scored in four hours and 40 minutes, included seven hits to the boundary.

K. S. Thakur joined Kesari and the two had taken the score to 209 and four at lunch.

C. K. Nayudu and C. S. Nayudu opened the bowling after lunch. Kesari, now batting with great freedom, made a number of fine strokes on the offside. He sent the 250 of the Innings on the board with a three through the slips off C. K. Nayudu, included seven hits to the boundary, total being 130. Next ball K. S. Thakur was caught by Gaekwad at point (250-5-25).

KESARI DISMISSED

A. D. Kelkar joined Kesari, and the two had added 32 runs between them when Kesari's long Innings came to an end. He was caught in the slips by Jagdale off C. K. Nayudu for 142 which included 20 fours. He was given sound display and was at the wicket altogether for five hours and 34 minutes.

Two more wickets fell to consecutive deliveries at 288 and Patel and

Sardar Patel Visits Scindia Public School

GWALIOR, Dec. 5 (API).—The Deputy Prime Minister, Sardar Patel, visited this morning the Jyaje Rao Cotton Mills and the historic Gwalior fort where he spent a few minutes with the boys of the Scindia Public School.

Sardar Patel who was accompanied by the Maharaja of Gwalior, Mr. Laldhar Joshi, the Premier and other Ministers of the Madhya Bharat spent nearly an hour and saw the staff and workers of J. C. Mills, the canteen and the welfare centre.

The party was received and taken round by Mr. G. D. Birla, and officials of the mill.

The plant which provides work for eight thousand people produces 40 million yards of cloth per year besides over 10 million pieces of history garments.

Sardar Patel and party next drove to the historic fortress of Gwalior built on a hill. After sight seeing ancient monuments and places Sardar Patel drove to the Scindia public school situated within the fort.

This institution is one of the seven Indian schools which are members of Indian public schools conference.

Addressing the boys who had gathered on the lawns Sardar Patel said there were millions of children in India who were not able to receive education. The people of school were fortunate for the standard of education couched for them. They should all resolve when they pass out of the school to go into the country and educate other people.

SARDAR PATEL BACK IN DELHI

NEW DELHI, Dec. 6 (API).—The Deputy Prime Minister Sardar Vallabhbhai Patel returned to Delhi this morning from Gwalior.

He was seen off at the Maharaja airport, Gwalior, by the Maharaja of Gwalior, the Maharaja of Indore, Mr. Laldhar Joshi, Premier of Madhya Bharat Union, Major-General Himmatsinghji, Military Advisor to the State, Ministry and prominent officials of the Madhya Bharat Union.

GOVERNOR'S ASSENT TO BOMBAY ACTS

The Governor of Bombay has given his assent to the Bombay Irrigation (Amendment) Act, 1947, and the Bombay District Police and the City of Bombay Police (Second Amendment) Act, 1948.

Toning Up Secondary Education In Bombay

GOVERNMENT AID TO PRIVATE TRAINING COLLEGES

One-Third Grant To Schools For Conducting S. T. C.: Decision On Ghate-Parulekar Report

THE GOVERNMENT OF BOMBAY WILL PROVIDE EXTENSIVE TRAINING FACILITIES TO SECONDARY TEACHERS BY AIDING PRIVATE TRAINING COLLEGES FOR B.T. AND I.D. ON A LIBERAL SCALE AND ENCOURAGING THE EDUCATIONAL BODIES TO OPEN NEW TRAINING COLLEGES IN PLACES WHERE THEY ARE IN DEMAND.

The managements of schools will also be encouraged to conduct S.T.C. classes by recognising such classes as special institutions eligible to grants at the rate of one-third (same as Secondary school itself), but in no case greater than the net deficit. Such a class should not exceed more than 30.

It may be recalled that the Government recently accepted the proposal of the Secondary Schools Committee (Ghate-Parulekar Committee) for time scales for these teachers who have obtained training qualifications.

Decisions on the Committee's major recommendations regarding pay scales, fee scales and Government grants were taken in May last and those on the outstanding recommendations have now been arrived at.

On the question of the crossing of the efficiency bar, the Government considers it sufficient to provide for the aggrieved teachers to appeal to the Educational Inspector against the decisions of the managements of schools. The Educational Inspector's decision will be final.

APPOINTMENT OF TEACHERS

The Committee's recommendation regarding the appointment of Secondary teachers of those who have passed the Lokashala examination has been linked up with the decision regarding the future of Lokashalas and whether the students of the Lokashalas should be stipendiary or not.

With a view to ensuring efficient working of the schools, it has been decided that the head of a school should have at least five years' teaching experience in secondary schools. Managements may make these appointments, but only on probation for

one year, and should communicate all particulars to the Educational Inspector. No such appointment will be confirmed without the concurrence of the Director of Public Instruction.

The Committee's recommendation regarding the regulation of private tuition work of teachers is still under the consideration of the Government.

NO LOANS FOR BUILDING
The Government does not consider it desirable to grant loans to Secondary schools for the purpose of school buildings. Nor is it considered necessary to provide for standard plans and layouts for all types of schools and in all localities.

The Government favours the idea of regional associations of teachers, the region comprising of a whole district or of cities, with a total population of more than three lakhs. Such associations will, however, have to be recognised by the Government, which will lay down conditions for recognition on the lines similar to those for the associations of Government servants.

The Government does not find favour with the Committee's recommendation that the managements and the Government should both contribute towards the scheme of life insurance and/or gratuity. It considers that the provision for additional contribution over and above the provident fund contribution is not necessary.

SPECIAL INSTRUCTIONS

The Committee's recommendations regarding the arrangements for special or separate instruction to pupils, who may be weak in some subjects or may be dull and cannot keep pace with the other pupils in the class, has been accepted by the Government, on certain conditions regarding the charge of fees. The Government has also accepted the recommendation that a full time Secondary teacher should be entitled to have free secondary education for his sons and daughters in a Secondary school or schools conducted by the management, subject to satisfactory attendance, progress and conduct.

The full time teacher should be expected to be on the school premises for 32 hours in a week, exclusive of the recess intervals. Of these hours he should be doing actual teaching work for about 22 hours, the remainder being utilised for free periods, relief duty, extra curricular activities or such other work as the Head of the school may direct.

The Government considers it desirable to provide a slightly liberal grant-in-aid for equipment for physical education and craft education for a period of five years. Accordingly, it is decided that the grant in respect of such equipment should be at 33-1/3 per cent and for other equipment at 25 per cent. The total expenditure on equipment should not ordinarily exceed 5 per cent of the total expenditure of the school. Special cases will have to be referred to the Government.

All India Federation Of Educational Associations

The next Annual Conference on Childhood and Home Education Section will be held along with the 24th All-India Education Conference on the 29th December 48 at Bangalore. A symposium has been arranged on "The Education of the pre-school child in India". Those wishing to read papers or address the Conference on this subject can send their papers along with a brief summary by the 20th inst. to K. V. Phadke, M.A., Secretary, Childhood and Home Education Section, A.I.E.E. Association, Model Town, Ghaziabad, U.P.

BOMBAY PRESIDENCY WOMEN GRADUATES' UNION

The Union which is a well established organisation of over 27 years standing and which has much useful work to its credit, has again resumed the usual activities for its Winter Programme.

A study circle to undertake the study of sanitation is included in the programme and Dr. J.S. Neurkar, the former Executive Health Officer of Bombay has already given one lecture on the subject. There is to be an interesting Film Show on Friday the 17th inst. at the Educational Films of India, 91 Walkeshwar Road, at 5 p.m. when members of the Union and their friends will be welcome. By way of a diversion a whole day picnic to Juhu is arranged for Sunday 12th inst. and those interested should communicate with Miss T. P. M. Kanga at 25 Nepean Sea Road, without delay.

Gondal Donates Rs. 10,000 For Cyclone Relief

His Excellency the Governor of Bombay has received a donation of Rs. 10,000 from His Highness the Maharaja of Gondal for the relief of persons affected by the recent cyclone in Bombay. The donation has been gratefully acknowledged by His Excellency.

Move To Smash Communist Interference

British T. U. C. Takes Important Step

LONDON, Dec. 6 (UPI).—The British Trade Union Congress has taken yet another important step in its campaign to smash Communist interference by calling on Trade Unions to debar their members, who hold executive or delegate offices, from serving on Communist Party industrial sub-committees, or on the national committees of the Party.

These "industrial sub-committees" are alleged to gather information for officials of the Communist Party, thus making it easier for them to "frame industrial policy and tactics which are used as the basis of instructions and propaganda directed at all levels inside the unions."

Attention is also drawn to the disruptive activities of the Communist Party and ancillary bodies inside the Trade Unions.

The T.U.C. emphasised that the Communist Party had no real responsibility, policy being determined from outside and not by its 40,000 members.

Success After 15 Years Crusade Against Genocide

PARIS, Dec. 6 (UPA).—After 15 years of crusading for an international convention on genocide, Dr. Raphael Lemkin, 47, Professor of Law at Yale, today was on the threshold of success.

The United Nations General Assembly, after two years of sittings, will almost certainly approve the first convention in history today which will declare genocide is an international crime.

Not only did Lemkin fight almost single-handedly for the convention but he coined the word "genocide"—mass extermination of minority groups. He said, "I took the Greek word, gens, meaning race, and the Latin cide or murder and combined them."

The convention was adopted by the 58 United Nations General Assembly last week but only after many months of prodding by Lemkin.

Lemkin, who fled from Poland in 1939 with a bullet wound in his leg and went to the United States as a professor at Duke University, has worked for a genocide convention since 1933 when, as a Warsaw public prosecutor, he read of the extermination of thousands of Christian Syrians in Iraq.

FISHING IN TROUBLED WATERS?

LONDON, (IPS).—Mr. M. G. N. Zarubin, the Soviet ambassador in London, wants to join an Angling Club in the Middlesex. A keen angler himself, he has expressed a wish to fish in the Club's water. On a reference from the Foreign Office to the Club's Secretary conveying his Excellency's desire, the Secretary has sent the ambassador application forms. The applications will be considered just like others.

PLANE FORCED DOWN INTO PACIFIC

HONOLULU, Dec. 5 (Reuter).—An A-54 transport plane was forced down into the Pacific today several hundred miles south west of Johnston Island. Number of persons aboard was not yet known. Ships and planes were searching the area.

ABOLITION OF INDIAN STATES

Resolution To Be Placed At Jaipur Congress

KOLHAPUR, Dec. 5. (API).—A resolution stating that "with a view to creating a homogeneous and strong union of India, it is essential to abolish all Indian states as early as possible and to make no distinction of any type between the states and the provinces in the future constitution of India" will be placed before the forthcoming session of the Indian National Congress Committee.

The Kolhapur District Congress Committee which adopted this resolution today has authorised its president, Mr. Ratnappa Kumbhar to place it before the Congress session at Jaipur.

FOODGRAINS RATIONING IN CUTCH AND JUNAGADH

BOMBAY, December 6 (API).—Full rationing of foodgrains and internal procurement of existing stocks will shortly be introduced in the centrally administered State of Cutch, it was learned here today. Similar steps are also contemplated in Junagadh State.

The Chief Commissioner, Mr. C. K. Desai, and the food Commissioner have begun famine relief work throughout the State and the Ministry of Food have assured the Chief Commissioner of sufficient supplies. The authorities have already prohibited forward transactions in foodgrains and their export outside the State, while internal movement is controlled.

The present relief arrangements in Junagadh include distribution of foodgrains through about 75 relief shops at controlled prices to people whose monthly income does not exceed Rs. 100.

NEW DELHI, Dec. 6. (API).—The Committee on Fair Wages, which was constituted at the meeting of the Central Advisory Council at Lucknow in November last, met today at the Secretariat under the chairmanship of Mr. K. N. Subramaniam, Joint Secretary, Ministry of Labour.

Stage Set For Jaipur Congress Session

ELABORATE ARRANGEMENTS FOR ACCOMMODATION OF 50 THOUSAND PEOPLE

GANDHINAGAR, (Jaipur) Dec. 6 (UPI).—Gandhinagar is now humming with activity and life. About ten thousand labourers are working now in this spacious area of about three square miles. The whole Nagar is progressing fast on its way to completion.

Accommodation for A.I.C.C. delegates, Congress leaders, visitors, press correspondents, volunteers and workers are complete. Hutments for accommodating fifteen thousand villagers and peasants are being constructed. About 500 family quarters are under construction. Thus Gandhinagar will provide accommodation for fifty thousand people, apart from accommodation for about ten thousand workers already provided.

A special camp of 500 special tents reached Gandhinagar station from Cawnpore yesterday morning. Another special train from Mokama containing about 12,000 special tents is on its way to Gandhinagar.

Under special arrangement, Gandhinagar is getting electricity from Jaipur City power house and all accommodation tents, huts, cottages and roads have been electrified. One special power house is being constructed here.

A three mile long nine inch main pipe from the City provides water to Gandhinagar. One lakh twenty-five thousand gallons of water from Calcutta have been used for internal tap connections and taps have been provided in the locality.

Thirty dining halls have been constructed which will feed over fifty thousand people.

Around this spacious Nagar, there will be 55 gates out of which 12 will be important ones. It is learnt that the main gate to Gandhinagar will be named 'Bajaj Dwar' after the late Seth Jammalal Bajaj.

In the centre of the entire Nagar a 'Jhanda Chowk' has been constructed which will accommodate about three lakhs of people. Flag hoisting ceremony will be performed by the Congress President-elect on the morning of December 18 at this place when the 'Tricolor' will fly over the 55 feet high flag mast.

Five thousand volunteers, including 4,000 male and 1,000 women, will be working in the entire Nagar in various camps during the Congress Session week under the guidance of Mr. Jalnarayan Vyas, Prime Minister of Jodhpur and G.O.C. of the volunteers.

The open session pandal and sub-jects committee pandal are on the wall to completion and will accommodate 300,000 and 25,000 respectively. The open session pandal with artistic decorations have 15 feet high dias for the President.

There will be one big hospital with 70 beds and six first-aid centres.

One main first class telegraph office and telephone exchange with two hundred telephone connections and one main post office are working here. Restaurants and hotels have been opened.

All this have converted a one-time waste sandy land into a beautiful, artistic and well-planned, tiny and clean City.

RAJEN BABU'S CALL FOR GANDHIAN BOOKS

WARDHAGANJ, Dec. 5 (API).—Dr. Rajendra Prasad, Congress President and President of the Gandhi Smarak Nidhi has issued the following "It has been proposed to organise an art gallery of photographs of Mahatma Gandhi in Bapu Mandap which will occupy a most prominent place in the Sarvodaya Exhibition. It is intended to collect and exhibit photographs in the different stages and phases of his whole life. All those friends who may possess such photographs are requested by the Gandhi Smarak Nidhi Committee to send them to the Exhibition Committee.

"They will be returned to the owners if they so desire after taking copies of them."

It is also well known that there is a huge volume of literature on Gandhiji and his work in different languages, both Indian and foreign. It is intended to collect and exhibit it in the Mandap as many as are available. All publishers and authors are therefore requested to send a copy

Move For Uniform Labour Legislation

INDORE, Dec. 6. (API).—A uniform policy in matters of Labour Legislation and Administration in the Provinces and States was discussed at a conference of Chief Inspectors of Factories, which began here this morning. Mr. Mankikar, Chief Adviser to Factories, Government of India, presided.

Mr. Mankikar said that the Conference had been convened for finalising the draft model rules tentatively discussed at the last conference of the Chief Inspectors in Delhi in September last. If the draft rules were accepted by all Provinces there would be not only co-ordination but uniformity of legislation and standard of enforcement in the whole of India.

MADRAS, Dec. 6. (API).—Mr. Kastur Srinivasan Chairman, Press Trust of India, accompanied by Mr. G. Narasimham, General Manager, "Hindu", left Madras this morning by air for Bombay en-route to Delhi.

MORARJI PULLS UP FILM PRODUCERS

Boards Of Censors And Hindustani

BOMBAY, Monday.—Mr. Morarji Desai, the Home Minister of Bombay, addressing a meeting of independent Film Producers at Blavatsky Lodge this evening, clarified certain points regarding Government's policy of film censorship and its attitude towards the Hindustani language used in motion pictures.

A member of the audience claimed to be an independent film producer told the Home Minister that the members of the Bombay Board of Censors did not fully appreciate the literary form of Hindustani in films and applied scissors at wrong places. According to him, this deliberate clipping of Hindustani films only destroyed the beauty of the language used in films, because the members of the Bombay Board of Censors had not a comprehensive understanding of Hindustani language.

Replying, Mr. Morarji Desai made it clear that the members of the Board of Censors in Bombay were not only highly educated and qualified persons who knew their jobs perfectly well, but were highly cultured people. He said that certainly such a charge could not be brought against the members of the Bombay Board of Censors, because they were far better educated and cultured than some film producers themselves.

He added that film producers should give up the false notion that they could have the last word on what constituted Hindustani language and Hindustani literature.

The Home Minister asked them to bear in mind that Government had already laid down a certain code of censorship and Government would adhere to it. He wanted all producers to think not merely of box-office success, but of films that would reflect cultural values and add to the glory of India.

FOR BEAUTY AND PROTECTION

Serviceable in many ways—these Aluminium "EXPANDED SHEETS" are much lighter, rust proof and pleasing in appearance.

aluminium expanded sheets

AVAILABLE IN FOLLOWING SPECIFICATIONS:

MESH	STRAND	SIZE
1" x 3"	1/2" x 18g.	8 ft. x 12 ft.
1" x 2"	3/32" x 18g.	8 ft. x 12 ft.
1" x 1.2"	3/32" x 18g.	8 ft. x 6 ft.

**Bombay Suburban
Sweepers**

The General Secretary of the Municipal Kamdar Union, Bombay, Mr. Dhanjibhai Jogadia, giving expression to the viewpoints held by the sweepers of the Bombay Suburbs in connection with the recent awards of the Bombay Suburban Municipalities by the Adjudicator, I. Court, Mr. Salim Merchant, writes:—

"The basic wage of Rs. 35-1-45 that was demanded by the sweepers of the Bombay suburbs was not so very high that the fundamental base of salary should have been rejected by the Industrial Tribunal, and only a general increase of Rs. 5/- per month is given."

Even though it has been accepted by the Industrial Tribunal that the standard of living of Bombay City is not different from that of the Bombay suburbs, the awards of the Tribunal have not justified the Suburban sweeper "kamdars" at this critical time by not sanctioning the dearness allowance similar to that of the workers of Bombay city, and giving just only a nominal increase of Rs. 5/- in dearness allowance.

Although the Industrial Adjudicator has made strict comments in connection with the present policy of allotting awards to the workers of the Municipalities, the explanation regarding room and house allowance given by him does not help the workers in their present difficulties. By this type of awards circumstances have arisen which are likely to create disunity amongst the workers of Bombay suburbs, and difficulties may arise in maintaining complete unity amongst them. Not only this but the question of increasing the staff has been completely rejected. Hence it seems that the heavy burden of work lying upon the workers will not be lessened, but on the contrary the same is likely to get increased day by day.

In lieu of workers' demands being accepted to some extent, it seems the maximum work will be taken from the workers, which will no doubt affect their health. In this connection the Bombay Government has also declared that the figure of death among sweepers is maximum in comparison to other workers. It is therefore, necessary that wherever sweepers "kamdars" are living in such bad condition, their working hours should be lessened, and means be taken to maintain their health.

The only way to meet with the questions of heavy burden, dearness, unemployment etc. hanging over the workers is to accept the fundamental demands of the workers. Unless these fundamental demands are accepted the feelings of dissatisfaction prevailing amongst the workers will not be removed."

**SELECTION OF NAVAL
OFFICERS**

An examination for selection of candidates for commissioned ranks (permanent cadre) of the Royal Indian Navy will be held by the Federal Public Service Commission at Allahabad, Bombay, Calcutta, Delhi, Madras and Nagpur on February 21, 1949 and subsequent days. Candidates who qualify at the examination will appear before a Service Selection Board for final selection.

Candidates must have been born not earlier than the September 2, 1929 and not later than the September 1, 1931. The age limits can in no case be relaxed. They must have been passed the Matriculation or an equivalent examination. The last date for the receipt of applications by the Federal Public Service Commission is December 18, 1948.

The approximate cost of training to be borne by parents or guardians of the candidates is Rs. 216. Application forms and full particulars can be obtained direct from the Secretary, Federal Public Service Commission, Council Chamber, B.P. No. 186, New Delhi, or the Commissioner-in-Charge, Bombay or the naval Officer-in-Charge, Cochin, Madras, Vizagapatnam and Calcutta.

CONTROLLER OF STORES (2442)

NOTICE TO ALL IMPORTERS EFFECT ON MARINE INSURANCE POLICIES OF DELAYED CLEARANCE OF CARGO

CONSIGNEES ARE WARNED that failure on their part to clear their import cargoes from the Bombay Port Trust Warehouses, Godowns, etc., with reasonable despatch might prejudice any claims they may have against Insurance Companies. It is pointed out that under the Institute Cargo Clause in most Companies' policies the following clause appears:—

"7. It is a condition of this insurance that the assured shall act with reasonable despatch in all circumstances within their control."

By deliberately using the Bombay Port Trust Warehouses, etc., as storage godowns consignees make such godowns the final warehouse for their cargoes and in the godowns after a reasonable period would not be recoverable from Insurance Companies.

Inserted by BOMBAY UNDERWRITERS' ASSOCIATION

Jacob Sassoon Building, 6, Rampart Row, Fort, BOMBAY. (2391)

GOVERNMENT OF INDIA

MINISTRY OF COMMERCE Office of the Chief Controller of Imports.

New Delhi, dated the 3rd December, 1948.

PUBLIC NOTICE

IT HAS BEEN DECIDED that licences should also be granted for importation from Japan of Silk piece goods falling under S. Nos. 184 and 189 of Part IV of the Import Trade Control schedule on the same basis as was notified in para (iv) of the Public Notice dated the 9th Nov. 1948. Importers should, therefore, submit their applications accompanied by evidence of pre-war trade connections or fresh connections, etc. to the Chief Controller of Imports, New Delhi, so as to reach his Office not later than 21st December 1948. It is emphasised that the monetary ceiling for the licensing of these goods is small and it is not expected that licences for any large amounts will issue.

DELHI CONFERENCE SETS UP SEVEN JOINT COMMITTEES

GOOD RESPONSE TO WOMEN'S DRIVE

"Stri Din" Collections For Gandhi Memorial Fund

BOMBAY, Monday.—Over 2,000 sealed boxes heavily laden with silver and copper coins collected by hundreds of girl volunteers, Congress, Desh Sevikas and Red Cross workers in observance of "Women's Day" in the city will be opened on Wednesday morning at Congress House in the presence of the Women's Committee of the Mahatma Gandhi National Memorial Fund.

In addition to the numerous smaller donations, a few bigger donations were also received by the Women's Committee. These include a donation of Rs. 2,000 from Sir Samsuddin Kanza and another donation of Rs. 1,000 from Mrs. J. K. Mehta. Today's collections which exceeded the target of Rs. 25,000 as the response of the public was very good.

From Truce To Armistice

BUNCHE ON PALESTINE SETTLEMENT TALKS

TEL AVIV, Dec. 6 (Reuters).—Dr. Ralph Bunche, Acting Palestine Mediator, told reporters here today he hoped an armistice would be entered into in Palestine before the new United Nations Conciliation Commission arrives.

Dr. Bunche said that his recent discussions in Cairo, Amman, and Tel Aviv revolved on the Security Council's discussion of the Palestine problem, the conversion of the truce into an armistice and the political problems of a peace settlement.

Delegation from the Palestinian Arab Congress at Jericho has asked that King Abdullah of Transjordan rule over Palestine's Arabs. Mr. George Barnes, United Nations Press Officer, said here today.

Dr. Ralph Bunche, the U.N. Acting Mediator today discussed the whole range of Palestine's problems with Israeli Prime Minister David Ben Gurion, after arriving here from Amman.

BRUSSELS PACT AMBASSADORS CONFERENCE

WASHINGTON, Dec. 6 (UPI).—A United States official today said that the Brussels Pact Ambassadors started today to confer among themselves on working out an outline of the Atlantic Pact.

HYDERABAD LEGISLATIVE ASSEMBLY DISSOLVED

NIZAM ORDERS PREPARATION OF ELECTORAL ROLLS: FIRST STEP TO CONSEMBLY

HYDERABAD, (Deccan) Dec. 6 (A.P.I.).—The Nizam in a firm order today ordered the dissolution of the Hyderabad Legislative Assembly and called for the preparation of electoral rolls as the first step towards the summoning of a Constituent Assembly to frame a constitution for Hyderabad State.

Simultaneously Maj. Gen. J. N. Chaudhuri, Military Governor of Hyderabad, promulgated a regulation, to be called the Hyderabad Constituent Assembly Preparation of Electoral Rolls Regulation, 1948, which is to come into effect immediately and will extend to the whole State.

COTTON SALES

The Hyderabad Government have through a Supply Department Notification promulgated the Hyderabad Cotton (control) Order which imposes restriction on the purchase and sale of cotton, says a Press Note issued today.

The order empowers the Hyderabad Textile Commissioner to include in the operation of the order any class or description of the contracts and specify the price at which cotton may be sold. He can also issue orders for the supply of information regarding business carried on by any person and enter any premises to inspect or seize books or documents which appear to him to afford evidence of a contravention of this order.

GRANTS SUSPENDED

HYDERABAD, (Dn.) Dec. 6 (UPI).—Orders for the suspension of grants to various institutions and organizations, amounting approximately to Rs. 30 lakhs, have been issued by the Military Administration of Hyderabad, pending reconsideration of their cases, it is learnt. The organizations and institutions referred to above are spread out in the Indian Union, Pakistan, Arabia, Britain and elsewhere.

Similarly, payments to individuals ordered by the Nizam for rendering service to the State, known as Mansabs, have been suspended pending re-examination of all cases. Last year, the Hyderabad Exchequer paid Rs. 17,19,000 as Mansabs. The mother of the two princesses married to the Nizam's sons is also the recipient of a regular Mansab from the State treasury, along with numerous others it is gathered.

BANK OFFICIAL RELEASED

HYDERABAD, (Dn.) Dec. 6 (UPI).—Khan Bahadur C.B. Taraporewala, former Deputy Managing Director of the Hyderabad State Bank, who was arrested some time back under orders of the Military Administration, was released today.

BAN LIFTED

The 20-year old ban on the entry into the State of Dr. N. S. Hardikar, Organiser of the Indian National Congress, has been lifted by the Military Administration, it is learnt.

WINDING UP AGENT GENERAL'S OFFICE

HYDERABAD, (Dn.) Dec. 6 (A.P.I.).—The winding up of the office of India's Agent General in Hyderabad began today with the arrival here of Maj. Randhir Singh, A.D.C. to the Agent General, who has been entrusted with the final closing down arrangements. The winding up is expected to be completed within a few weeks.

COMMONER CONTACTS EMPEROR

TOKYO, Dec. 6 (Reuters).—Hirohito, the Emperor of Japan, yesterday received his first telegram from a commoner.

The telegram which, according to the Japanese press, was handed in by a shabbily dressed man read: "Hirohito Tokyo. Abdicate immediately after executions."

WEST PUNJAB. To discuss the border disputes and incidents on the East-West Bengal, East Bengal-Assam and East Bengal-Tripura borders and the boundary incidents on the East and West Punjab border and suggest the machinery necessary for—

(A) Settlement of disputes.
(B) Prevention of such incidents.

3. LIFE INSURANCE COMMITTEE: To discuss difficulties of holders of life insurance policies in other countries and to evolve measures to remove these difficulties and to safeguard the interest of the policy holders.

6. DIVISION OF MUSEUM ARTICLES (CENTRAL): To make recommendations as to the process of division to be made of museum articles in accordance with the decision of the Partition Council and to ensure early implementation of the decisions.

PARTITION MATTERS

7. BENGAL AND PUNJAB PARTITION MATTERS: To report on the progress in the settlement of financial and other matters arising from the partition of Punjab and Bengal to settle such points of difference as may be found to exist, to devise suitable procedure for the expeditious settlement of the outstanding matters and report to the conference thereon.

The Conference also agreed that another committee should also be appointed to review the progress so far made in implementing the political clauses of the Calcutta agreement, and in particular, to examine the complaints made by each Dominion in respect of—

- (1) The press in the other Dominion.
- (2) The treatment of minorities and
- (3) The exodus of minorities from one Dominion to the other; to suggest measures which will ensure the implementation of the Calcutta agreement, and to recommend such other steps as may be necessary to ensure that such complaints do not arise in future.

It was felt, however, that this Committee should be set up after the two delegations had further preliminary discussion of a general nature.

It was agreed further that Mr. H. M. Patel, Defence Secretary, Government of India and Mr. G. Faruque, Industries Secretary, Government of Pakistan should co-ordinate the work of the various committees and submit their reports to the Conference as early as possible.

DAY-TO-DAY MEETINGS

The Conference adjourned at 11-45 a.m. after agreeing to meet again tomorrow at 10 a.m. All the committees, with the exception of the committees on insurance and on museums, held their first meetings today and will continue to meet from day to day until they are in a position to submit their reports to the main Conference. The Committee on Museums will hold its meeting tomorrow afternoon, while that on Insurance will meet on the 9th afternoon.

The leaders of the delegation, Mr. Gopalaswami Iyengar and Mr. Ghulam Mohammed appeal to the press and the public alike to refrain during the session of this conference from propaganda and from speculation relating to the progress of these discussions. They are confident that both the press and the public will respond wholeheartedly to this appeal.

Mr. Ghulam Mohammad, Finance Minister, Pakistan, and leader of the Pakistan Delegation with Hon'ble Mr. Fazlur Rahman, Pakistan's Minister for Education and Industries, the Hon'ble Khwaja Shahabuddin, Minister of Interior, and Mr. Mohammad Ismail, High Commissioner for Pakistan in India, and other delegates.

WILL CHIANG'S FINAL DEFEAT WRECK U. N.?

Washington State Department Studies Situation

NEW YORK, Dec. 6 (Reuters).—The possibility that complete defeat of the Government forces in China might wreck the structure of the United Nations is being studied by diplomats in Paris, according to the New York "Times" correspondent Cyrus L. Sulzberger.

This conjecture was postulated, he said, upon certain assumptions: (1) That the Communists overrun Nanking and the Yangtze Valley. (2) That Moscow wants diplomatic recognition to a new Communist "Government."

(3) That the Western Powers continue to recognise Generalissimo Chiang Kai-shek's Government, wherever it might be situated.

"In such instance, it is pointed out, the Security Council could in all probability not continue to function." Sulzberger said.

"If future events and diplomatic hypotheses should prove accurate, there would probably be an insoluble dispute over which Government of China would have the right to appoint a delegate to sit in China's permanent Council seat."

With the veto power resting in the hands of both disputing factions—should this troublesome situation arise—no solution is presently foreseeable.

"The United States State Department for one is carefully studying possible action, should this diplomatic gordian knot present itself for unravelling."

CHIANG THROWS IN REINFORCEMENTS

Flare-Up Along Yangtze River

NANKING, Dec. 6 (Reuters).—Generalissimo Chiang Kai-shek hurriedly reinforced the eastern flank of Nanking's hard-pressed defences today to block a Communist break-through threat only 70 miles from the capital.

Bitter fighting flared up last night when Communist General Li Yui threw in 10,000 men at Kiangyung, stronghold 20 miles north of the Yangtze river. Early reports said the Communists flattened Kiangyung's outer defences with a 2,000-shell barrage.

Another 20,000 Communists with heavy artillery were reported striking south towards the area, while powerful Government reinforcements moved in from Yangchow 30 miles west of Kiangyung.

In the main Central China battle at Pengpu, 110 miles north of Nanking, Government forces were said to be pushing north against relatively light resistance.

Pro-Government reports claimed that Generalissimo Chiang's troops were "completely shattering" Communist retreating north-west from the rail centre of Kucheng, 20 miles north of Pengpu.

The crack American-equipped Chinese 75th Army was being moved from Eastern Chekiang to strengthen Shanghai's defences.

Twenty-seven members of the Legislative Yuan alleging Soviet assistance to the Chinese Communists will tomorrow introduce a resolution proposing a Government appeal to the United Nations for moral support. It was learned in Nanking.

The Shanghai City Government has ordered censorship for all newspapers and news agencies.

WILL MADAME CHIANG SUCCEED?

WASHINGTON, Dec. 6 (Reuters).—Chinese Embassy sources said today that Madame Chiang Kai-shek will probably issue a statement on her visit to the United States after she has conferred with President Truman, possibly tomorrow.

Congressional sources saw little chance of approval for a Chinese plan for 3,000,000,000 dollars of American aid to Generalissimo Chiang Kai-shek over the next three years.

Chinese Embassy sources refused to comment on reports that the Chinese Government had offered the United States military bases in Formosa in return for extended aid.

King's Health

LONDON, Dec. 6 (Reuters).—The general health of King George Sixth "continues to be good and he devotes a considerable proportion of his time to the conduct of affairs of state" an official bulletin said today.

It said: "The process of restoration of the arterial circulation to the feet is proceeding slowly, and since the bulletin of November 29, a further small but encouraging improvement has occurred."

"In order to secure the rest and the warm environment which are indispensable for reestablishment of the circulation, His Majesty is remaining in his apartments and spends most of the time in bed."

The bulletin was signed by the five doctors who issued the first announcement of the King's illness, they examined the King earlier today.

Convictions Of Two Jap War Lords To Be Reviewed

WASHINGTON, Dec. 6 (UPI).—The Supreme Court agreed today to review the convictions of the two Japanese war lords condemned to hang by the Far East Military Tribunal.

Four R.S.S. Workers Arrested

AMBALA, Dec. 6 (A.P.I.).—The police raided four places in Ambala early this morning and arrested four persons officially described as active organisers of the outlawed Rashtriya Swayamsevak Sangh.

Evacuation Takes Heavy Toll

SHANGHAI, Dec. 6 (Reuters).—The owners of the steamer "Kiangva", which sank at the mouth of Shanghai harbour on Saturday with an estimated 3,000 aboard were still unable to give casualty figures today, but ships standing by reported "countless bodies" floating about.

FOUR DISASTERS
The sinking of the "Kiangva" was the first of four disasters occurring within 48 hours on crowded air, land and sea transports, as refugees continued their mad flight from the threat of war.

Their combined toll was conservatively estimated at well over 2,000.

West Sector Municipal Vote Goes Against 'Reds'

BUT "EASTERN" CITY COUNCIL OUT TO EXTEND CONTROL THROUGHOUT BERLIN

Likely Obstacle To Four-Power Agreement On Currency And Traffic Problems

BERLIN, Dec. 6 (Reuters).—Berlin's "Eastern" Magistrat (City Council) remains determined to extend its control to the whole city despite yesterday's Western sector Municipal vote of 86.2 per cent for the anti-Communist parties, German political circles in close touch with Soviet headquarters reported.

POLLING RESULTS
Final results in the polling boycotted by the Communists and banned in the Soviet sector were: Social Democrats 538,000 (64.5%), Christian Democrats 238,496 (19.4%), Liberal Democrats 214,224 (16.1%). Of the total electorate of 1,580,575, votes were cast by 1,360,972.

Marshal Vassily Sokolovsky, Soviet Commander-in-Chief was reported to have said, the election results "might prove an additional obstacle" to Four-Power Agreement on Berlin's currency and traffic problems.

Soviet authorities will ignore the results and the elections which they regard as illegal, will have no effect on their policy in the city, German political circles said.

Dr. Otto Suhr, Chairman of the present "Western Assembly" said seats would be allotted in the new body to 79 Social Democrats, 24 Christian Democrats and 16 Liberal Democrats.

"Eleven members of the Socialist Unity Party will still be entitled to sit in the City Assembly for Soviet Sector Constituencies," he stated.

They are not, however, expected to take their seats.

The newly elected Assembly will hold its first meeting by the middle of January, Dr. Suhr added. Its first action would be to elect the new Magistrat.

British military police today defied Soviet attempts to get the release of a Russian soldier arrested last night on the border between the British sector and the Soviet zone.

Western observers said today the Socialist Unity Party had lost nearly half its strength in West Berlin since the Municipal Elections of October 1946.

The proportion of electors who voted proved that almost 50 per cent of the party's former supporters had ignored Communist boycott appeals and supported Western parties, the observers declared.

In Hamburg, Dr. Kurt Schumacher, Social Democrat leader, said Berliners not only deserved the defeat of the Democrats throughout the world but had earned the right to be regarded as representing the Soviet zone.

Newspapers in Frankfurt, Western Germany's Provisional Capital, headlined the election results: "Berlin Chooses Freedom."

Frau Luise Schroeder, Social Democrat acting Lord Mayor of Berlin, has announced her intention of resigning in favour of Professor Ernst Reuter, from whom she took over when Soviet authorities banned his election as Lord Mayor in 1946. She has been failing in health during the past six months.

LONDON, Dec. 6 (Reuters).—Foreign Secretary Ernest Bevin returned today to work at the Foreign Office this morning after a month's holiday at the south coast resort of Eastbourne.

Later he attended a Cabinet meeting at which the Berlin situation and progress in negotiations for a North Atlantic pact are understood to have been discussed.

SOEKARNO TO VISIT INDIA

BATAVIA, DEC. 6 (REUTERS). DR. I. R. SOEKARNO, INDONESIAN REPUBLICAN PRESIDENT, TODAY ACCEPTED THE INDIAN PREMIER PANDIT NEHRU'S INVITATION TO VISIT INDIA AND WILL ARRIVE SOON. THE REPUBLICAN NEWS AGENCY "ANTARA" REPORTED TODAY.

A Cairo report received here said that King Farouk was also sending a mission soon.

Ban On 'Red' Press

MADRAS, Dec. 6 (U.P.I.).—The Madras Government has prohibited the keeper of Desabhimani Press, Calicut, from using the press for any purpose. It may be recalled that the Desabhimani, a Communist Weekly from Calicut, which was recently suppressed by the Government, was printed in this press.

Athens Communist Youth Ring Broken Up

ATHENS, Dec. 6 (UPI).—Police reported today that they had broken up an Athenian Communist youth ring by arresting over 50 students and others.

'VOTE FOR DR. U. B. NARAYAN RAO'

B. P. C. C. President's Appeal To Walkeshwar

Mr. S. K. P. C. C. President, Bombay, P. C. C. says: "I have to appeal to the voters of Walkeshwar constituency to vote for Dr. U. B. Narayan Rao, the Congress candidate. He is a public servant of long standing and has pledged himself to serve the people of Bombay through Municipal Corporation."

A Nuisance Value!

LOUW ON INDIA'S STAND IN GENERAL ASSEMBLY

PARIS, Dec. 6 (Reuters).—The Indian Government's request for consideration of the "treatment of Indians in South Africa" was described at the full plenary session by Mr. Eric Louw (South Africa) today as having a "certain nuisance value."

"We are of the opinion," he said, "that it is not an important issue. Indeed, we are inclined to the view that it is a somewhat frivolous complaint."

He told the full plenary session, which was considering when to adjourn the general assembly.

The South African delegation were definitely of the opinion that the Indian Government's complaint did not fall within the competence of the General Assembly.

"The matter—like that of the Italian Colonies—was to be disposed of now, as it came up on a United Nations agenda for the third time in succession."

Sir Mohammed Zafrullah Khan, the Foreign Minister of Pakistan and leader of his country's delegation, supported the Argentine plea that the adjourned General Assembly should not resume earlier "than the end of march or the beginning of April next year."

U. N. To Adjourn On Dec. 11 And Reconvene At Lake Success

PARIS, Dec. 6 (Reuters).—The United Nations General Assembly, today, turned down a British proposal to continue the present session in Paris until it has finished its agenda.

A resolution to this effect presented by Mr. Hector McNeill, British Minister of State, was defeated by 33 votes to 19, with six abstentions.

By 43 votes to 13 with two abstentions, the Assembly accepted a Steering Committee Recommendation, supported by the United States, to adjourn on December 11 and reconvene at Lake Success in the New Year.

The original date fixed by the Steering Committee was February 1, but this was changed to April 1 on the motion of Argentina, which was carried by 21 votes to 16 with 21 abstentions.

NEW DELHI, Dec. 6 (A.P.I.).—The 36th session of the All-India Hindi Sahitya Sammelan will be held at Meerut from December 9 to 12. Seth Govind Das, M.C.A., will preside.
